Request for Proposal (RFP) for Janitorial Supplies, Equipment, Maintenance & Repair

Solicitation Number: 21-12

Publication Date: Thursday, September 20th, 2012

Notice to Respondent:
Submittal Deadline: Thursday, October 25th, 2012 2:30 pm CST

Questions regarding this solicitation must be submitted to questions@ncpa.us no later than Thursday, October 18th, 2012. All questions and answers will be posted to http://www.ncpa.us/solicitations.

It is the intention of Region 14 Education Service Center (herein “Region 14 ESC”) to establish a Master Agreement for Janitorial Supplies, Equipment, Maintenance & Repair for use by Region 14 ESC and other public agencies supported under this contract. This Request for Proposal is issued on behalf of the National Cooperative Purchasing Alliance through a public agency clause, which provides that any county, city, special district, local government, school district, private K-12 school, higher education institution, state, other government agency, healthcare organization or nonprofit organization may purchase Products and Services through this contract. Respondents will be required to execute the NCPA Administration Agreement upon award.

This contract will allow agencies to purchase on an “as needed” basis from a competitively awarded contract. Respondents are requested to submit their total line of available products and services. While this solicitation specifically covers Janitorial Supplies, Equipment, Maintenance & Repair, respondents are encouraged to submit an offering on any or all products and services available that they currently perform in their normal course of business.

Responses shall be received no later than the submittal deadline in the offices of Region 14 ESC at the address below:

Region 14 Education Service Center
1850 Highway 351
Abilene, Texas 79601

Immediately following the deadline, all responses will be publically opened and the respondents recorded. Any response received later than the specified deadline, whether delivered in person or mailed, will be disqualified. Faxed or electronically submitted responses cannot be accepted. Responses must be sealed and plainly marked with the company name and the opening date and time. Two (2) bound and signed copies of the proposals and Two (2) electronic copies on CD, DVD, or flash drives (i.e. pin or jump drives) shall be provided.
Competitive Solicitation by Region
14 Education Service Center For
Janitorial Supplies, Equipment, Maintenance & Repair
On behalf of itself and other Government Agencies
and made available through the
National Cooperative Purchasing Alliance
RFP # 21-12

NCPA
National Cooperative Purchasing Alliance
Introduction / Scope

- Region 14 ESC on behalf of itself and all states, local governments, school districts, and higher education institutions in the United States of America, and other government agencies and non-profit organizations (herein “Public Agency” or collectively “Public Agencies”) is soliciting proposals from qualified vendors to enter into a Master Agreement for a complete line of Janitorial Supplies, Equipment, Maintenance & Repair.

- Region 14 ESC, as the lead public agency, has partnered with NCPA to make the resultant contract available to all participating agencies in the United States. NCPA provides marketing and administrative support for the awarded vendor that promotes the successful vendor’s products and services to Public Agencies nationwide. The Vendor will execute the NCPA Administration Agreement (Tab 2) upon award. Vendor should thoroughly review all documents and note any exceptions to NCPA terms and conditions in their proposal.

- Awarded vendor(s) shall perform covered services under the terms of this agreement. Respondents shall provide pricing based on a discount from their standard pricing schedules for products and/or services offered. Electronic Catalog and/or price lists must accompany the proposal. Multiple percentage discount structure is also acceptable. Please specify where different percentage discounts apply. Additional pricing and/or discounts may be included.

- Each service proposed is to be priced separately with all ineligible items identified. Services may be awarded to multiple vendors. Respondents may elect to limit their proposals to a single service within any category, or multiple services within any and all categories.

- National Cooperative Purchasing Alliance (NCPA)
  
  ØØ The National Cooperative Purchasing Alliance (herein “NCPA”) assists public agencies to increase their efficiency and reduce their costs when procuring goods and services. This is accomplished by awarding competitively solicited contracts that are leveraged nationally by combining the volumes and purchasing power of entities nationwide. Our contracts are available for use by any entity that must comply with procurement laws and regulations.

- It is the intention of Region 14 ESC and NCPA to achieve the following objectives through this RFP.
  
  ØØ Provide a comprehensive competitively solicited Master Agreement offering Products and Services to Public Agencies;
  ØØ Achieve cost savings of Vendors and Public Agencies through a single competitive solicitation process that eliminates the need for multiple proposals;
  ØØ Combine the purchasing power of Public Agencies to achieve cost effective pricing;
  ØØ Reduce the administrative and overhead costs of Vendors and Public Agencies through state of the art purchasing procedures.
Instructions to Respondents

- Submission of Response
  - Only sealed responses will be accepted. Faxed or electronically transmitted responses will not be accepted.
  - Sealed responses may be submitted on any or all items, unless stated otherwise. Region 14 ESC reserves the right to reject or accept any response.
  - Deviations to the terms, conditions and/or specifications shall be conspicuously noted in writing by the respondent and shall be included with the response.
  - Withdrawal of response will not be allowed for a period of 120 days following the opening. Pricing will remain firm for 120 days from submittal.

- Required Proposal Format
  - Responses shall be provided in a three-ring binder or report cover using 8.5 x 11 paper clearly identified with the name of Respondents company and solicitation responding to on the outside front cover and vertical spine. All forms are to be completed electronically. Include a copy of all solicitation pages before section needing tabulation in response. Tabs should be used to separate the proposal into sections, as identified below. Respondents failing to organize in the manner listed may be considered non-responsive and may not be evaluated.

- Binder Tabs
  - Tab 1 – Signature Form
  - Tab 2 – NCPA Administration Agreement
  - Tab 3 – Vendor Questionnaire
  - Tab 4 – Vendor Profile
  - Tab 5 – Products and Services / Scope
  - Tab 6 – References
  - Tab 7 – Pricing
  - Tab 8 – Value Added Products and Services
  - Tab 9 – Required Documents

- Shipping Label
  - The package must be clearly identified as listed below with the solicitation number and name of the company responding. All packaged must be sealed and delivered to the Region 14 ESC offices no later than the submittal deadline assigned for this solicitation.

From: Mike Muscara
Company: WAXIE Enterprises, Inc. dba WAXIE Sanitary Supply
Address: 9353 WAXIE Way
City, State, Zip: San Diego, CA 92123
Solicitation Name and Number: RFP for Janitorial Supplies, Equipment, Maintenance & Repair 21-12
Due Date and Time: Thursday, October 25th, 2012 2:30pm CST
Tab 1 – Master Agreement
General Terms and Conditions

◆ Customer Support
  ØØ The vendor shall provide timely and accurate technical advice and sales support. The vendor shall respond to such requests within one (1) working day after receipt of the request.

◆ Assignment of Contract
  ØØ No assignment of contract may be made without the prior written approval of Region 14 ESC. Purchase orders and payment can only be made to awarded vendor. Awarded vendor is required to notify Region 14 ESC when any material change in operation is made.

◆ Disclosures
  ØØ Respondent affirms that he/she has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with this contract.
  ØØ The respondent affirms that, to the best of his/her knowledge, the offer has been arrived at independently, and is submitted without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this contract.

◆ Renewal of Contract
  ØØ Unless otherwise stated, all contracts are for a period of one (1) year with an option to renew annually for an additional four (4) years if agreed to by Region 14 ESC and the vendor.

◆ Funding Out Clause
  ØØ Any/all contracts exceeding one (1) year shall include a standard “funding out” clause. A contract for the acquisition, including lease, of real or personal property is a commitment of the entity’s current revenue only, provided the contract contains either or both of the following provisions:

  ØØ Retains to the entity the continuing right to terminate the contract at the expiration of each budget period during the term of the contract and is conditioned on a best efforts attempt by the entity to obtain appropriate funds for payment of the contract.

◆ Shipments (if applicable)
  ØØ The awarded vendor shall ship ordered products within seven (7) working days for goods available and within four (4) to six (6) weeks for specialty items after the receipt of the order unless modified. If a product cannot be shipped within that time, the awarded vendor shall notify the entity placing the order as to why the product has not shipped and shall provide an estimated shipping date. At this point the participating entity may cancel the order if estimated shipping time is not acceptable.
Pricing: WAXIE Sanitary Supply is offering the following price and delivery program:

- Within WAXIE Sanitary Supply’s normal company owned truck delivery zones, all orders are delivered with no minimum order and no freight charges.
- Outside of WAXIE Sanitary Supply’s normal company truck delivery zones, all orders shall have a $400.00 minimum or $40.00 small order charge and shall be delivered on a freight prepay and add basis.

The same pricing and delivery parameters shall prevail for any subcontractors WAXIE utilizes for contract fulfillment in states where we do not operate.

Special Pricing and Delivery Terms:

Alaska

WAXIE Sanitary Supply operates in the State of Alaska. Due to Alaska’s extraordinary environment and the distances and expense required to operate in Alaska the following terms shall apply.

A twenty five cent per pound additional charge shall be added to all prices quoted for the continental U.S. for delivery in WAXIE Sanitary Supply’s normal delivery area in Anchorage and Fairbanks.

Outside of WAXIE Sanitary Supply’s normal truck delivery area in Anchorage and Fairbanks the Alaska price plus freight prepaid and added shall be the pricing and delivery terms.

Delivery to remote areas is on an availability of transportation basis. Some areas have no deliveries in the winter months.

Hawaii

WAXIE Sanitary Supply will offer to support the NCPA contract through a Network Services Company affiliate. Pricing and delivery terms are to be negotiated with the subcontractor after award. Delivery to Hawaii can be complex, particularly to the outer Islands.

WAXIE Sanitary Supply is offering a core list of products priced on a discount by line item basis. All prices are fixed and firm for one year beginning on November 1, 2012 through October 31, 2013. Prices shall be adjusted based on the actual manufacturer’s price change by line item. Any price reductions shall be immediately passed along to contract users.
into stock costs and some general industry wide cost supports for public sector clients. It is very likely that many of these prices will fall as manufacturers price supports are gathered throughout the contracts first year.

WAXIE Sanitary Supply shall attempt to negotiate subcontracts with Network Services Company affiliates in each state to expand our NCPA offering to all 50 states. Since each subcontractor has its own house brand, all prices shown for WAXIE products are for each sub-contractors house brand of the equivalent item if available. This pricing program works very well as a comparative based on products with equal form, fit, and function. Our pricing program for equivalent products is currently being utilized for healthcare and public sector GPO contracts nationwide with sales of over $300,000,000.00 annually.

♦ Warranty

Proposals should address each of the following:

- Applicable warranty and/or guarantees of equipment and installations including any conditions and response time for repair and/or replacement of any components during the warranty period.
- Availability of replacement parts
- Life expectancy of equipment under normal use
- Detailed information as to proposed return policy on all equipment

♦ Indemnity

The awarded vendor shall protect, indemnify, and hold harmless Region 14 ESC and its participants, administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the vendor, vendor employees or vendor subcontractors in the preparation of the solicitation and the later execution of the contract.

NCPA agrees to indemnify, defend and save harmless WAXIE Sanitary Supply, its governing board, related divisions and entities, officers, agents, and employees from and against any and all claims, demands, losses, defense costs, or liability of any kind or nature which the District, its officers, agents and employees may sustain or injure or which may be imposed upon them for injury to or death of persons, or damage to property as a result of, arising out of, or in any manner connected with the District’s agents, employees or subcontractor’s misuse of products, equipment or any items purchased under the terms of this contract. WAXIE cannot accept liability for improper handling, storage, transportation, installation, in-situ maintenance, removal or disposal of products after delivery.

♦ Franchise Tax

The respondent hereby certifies that he/she is not currently delinquent in the payment of any franchise taxes.

♦ Supplemental Agreements

The entity participating in this contract and awarded vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the participating entity and awarded vendor.
Certificates of Insurance

Certificates of insurance shall be delivered to the Public Agency prior to commencement of work. The insurance company shall be licensed in the applicable state in which work is being conducted. The awarded vendor shall give the participating entity a minimum of ten (10) days notice prior to any modifications or cancellation of policies. The awarded vendor shall require all subcontractors performing any work to maintain coverage as specified.

Legal Obligations

It is the Respondent’s responsibility to be aware of and comply with all local, state, and federal laws governing the sale of products/services identified in this RFP and any awarded contract and shall comply with all while fulfilling the RFP. Applicable laws and regulation must be followed even if not specifically identified herein.

Protest

A protest of an award or proposed award must be filed in writing within ten (10) days from the date of the official award notification and must be received by 5:00 pm CST. No protest shall lie for a claim that the selected Vendor is not a responsible Bidder. Protests shall be filed with Region 14 ESC and shall include the following:

- Name, address and telephone number of protester
- Original signature of protester or its representative
- Identification of the solicitation by RFP number
- Detailed statement of legal and factual grounds including copies of relevant documents and the form of relief requested

Any protest review and action shall be considered final with no further formalities being considered.

Force Majeure

If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement
Settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

- **Prevailing Wage**

  ØØ It shall be the responsibility of the Vendor to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the purchaser. It shall further be the responsibility of the Vendor to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly.

- **Miscellaneous**

  ØØ Either party may cancel this contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

- **Open Records Policy**

  ØØ Because Region 14 ESC is a governmental entity responses submitted are subject to release as public information after contracts are executed. If a vendor believes that its response, or parts of its response, may be exempted from disclosure, the vendor must specify page-by-page and line-by-line the parts of the response, which it believes, are exempt. In addition, the respondent must specify which exception(s) are applicable and provide detailed reasons to substantiate the exception(s).

  ØØ The determination of whether information is confidential and not subject to disclosure is the duty of the Office of Attorney General (OAG). Region 14 ESC must provide the OAG sufficient information to render an opinion and therefore, vague and general claims to confidentiality by the respondent are not acceptable. Region 14 ESC must comply with the opinions of the OAG. Region 14 ESC assumes no responsibility for asserting legal arguments on behalf of any vendor. Respondent are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.
Process

Region 14 ESC will evaluate proposals in accordance with, and subject to, the relevant statutes, ordinances, rules, and regulations that govern its procurement practices. NCPA will assist Region 14 ESC in evaluating proposals. Award(s) will be made to the prospective vendor whose response is determined to be the most advantageous to Region 14 ESC, NCPA, and its participating agencies. To qualify for evaluation, response must have been submitted on time, and satisfy all mandatory requirements identified in this document.

◆ Contract Administration
   ØØ The contract will be administered by Region 14 ESC. The National Program will be administered by NCPA on behalf of Region 14 ESC.
◆ Contract Term
   ØØ The contract term will be for one (1) year starting from the date of the award. The contract may be renewed for up to four (4) additional one-year terms.
◆ Contract Waiver
   ØØ Any waiver of any provision of this contract shall be in writing and shall be signed by the duly authorized agent of Region 14 ESC. The waiver by either party of any term or condition of this contract shall not be deemed to constitute waiver thereof nor a waiver of any further or additional right that such party may hold under this contract.
◆ Products and Services additions
   ØØ Products and Services may be added to the resulting contract during the term of the contract by written amendment, to the extent that those products and services are within the scope of this RFP.
◆ Competitive Range
   ØØ It may be necessary for Region 14 ESC to establish a competitive range. Responses not in the competitive range are unacceptable and do not receive further award consideration.
◆ Deviations and Exceptions
   ØØ Deviations or exceptions stipulated in response may result in disqualification. It is the intent of Region 14 ESC to award a vendor’s complete line of products and/or services, when possible.
◆ Estimated Quantities
   ØØ The estimated dollar volume of Products and Services purchased under the proposed Master Agreement is $50 - $100 million dollars annually. This estimate is based on the anticipated volume of Region 14 ESC and current sales within the NCPA program. There is no guarantee or commitment of any kind regarding usage of any contracts resulting from this solicitation.
◆ Evaluation
   ØØ Region 14 ESC will review and evaluate all responses in accordance with, and subject to, the relevant statutes, ordinances, rules and regulations that govern its procurement practices. NCPA will assist the lead agency in evaluating proposals. Recommendations for contract awards will be based on multiple factors, each factor being assigned a point value based on its importance.
Formation of Contract

A response to this solicitation is an offer to contract with Region 14 ESC based upon the terms, conditions, scope of work, and specifications contained in this request. A solicitation does not become a contract until it is accepted by Region 14 ESC. The prospective vendor must submit a signed Signature Form with the response thus, eliminating the need for a formal signing process.

NCPA Administrative Agreement

The vendor will be required to enter and execute the National Cooperative Purchasing Alliance Administration Agreement with NCPA upon award with Region 14 ESC. The agreement establishes the requirements of the vendor with respect to a nationwide contract effort.

Clarifications / Discussions

Region 14 ESC may request additional information or clarification from any of the respondents after review of the proposals received for the sole purpose of elimination minor irregularities, informalities, or apparent clerical mistakes in the proposal. Clarification does not give respondent an opportunity to revise or modify its proposal, except to the extent that correction of apparent clerical mistakes results in a revision. After the initial receipt of proposals, Region 14 ESC reserves the right to conduct discussions with those respondent’s whose proposals are determined to be reasonably susceptible of being selected for award. Discussions occur when oral or written communications between Region 14 ESC and respondent’s are conducted for the purpose clarifications involving information essential for determining the acceptability of a proposal or that provides respondent an opportunity to revise or modify its proposal. Region 14 ESC will not assist respondent bring its proposal up to the level of other proposals through discussions. Region 14 ESC will not indicate to respondent a cost or price that it must meet to neither obtain further consideration nor will it provide any information about other respondents’ proposals or prices.

Multiple Awards

Multiple Contracts may be awarded as a result of the solicitation. Multiple Awards will ensure that any ensuing contracts fulfill current and future requirements of the diverse and large number of participating public agencies.

Past Performance

Past performance is relevant information regarding a vendor’s actions under previously awarded contracts; including the administrative aspects of performance; the vendor’s history of reasonable and cooperative behavior and commitment to customer satisfaction; and generally, the vendor’s businesslike concern for the interests of the customer.
Evaluation Criteria

◆ Pricing (40 points)
  ØØ  Electronic Price Lists
    §§  Products, Services, Warranties, etc. price list
    §§  Prices listed will be used to establish both the extent of a vendor’s product lines, services, warranties, etc. available from a particular bidder and the pricing per item.

◆ Ability to Provide and Perform the Required Services for the Contract (25 points)
  Ø  Product Delivery within participating entities specified parameters
  Ø  Number of line items delivered complete within the normal delivery time as a percentage of line items ordered.
  Ø  Vendor’s ability to perform towards above requirements and desired specifications.
  Ø  Quantity of line items available that are commonly purchased by the entity.
  Ø  Quality of line items available compared to normal participating entity standards.

◆ References (15 points)
  ØØ  A minimum of ten (10) customer references for product and/or services of similar scope dating within past 3 years

◆ Technology for Supporting the Program (10 points)
  ØØ  Electronic on-line catalog, order entry use by and suitability for the entity’s needs
  ØØ  Quality of vendor’s on-line resources for NCPA members.
  ØØ  Specifications and features offered by respondent’s products and/or services

◆ Value Added Services Description, Products and/or Services (10 points)
  ØØ  Marketing and Training
  ØØ  Customer Service
# Signature Form

The undersigned hereby proposes and agrees to furnish goods and/or services in strict compliance with the terms, specifications and conditions at the prices proposed within response unless noted in writing. The undersigned further certifies that he/she is an officer of the company and has authority to negotiate and bind the company named below and has not prepared this bid in collusion with any other Respondent and that the contents of this proposal as to prices, terms or conditions of said bid have not been communicated by the undersigned nor by any employee or agent to any person engaged in this type of business prior to the official opening of this proposal.

Prices are guaranteed: **120 days**

This Administration Agreement is made as of November 1st, 2012, by and between National Cooperative Purchasing Alliance ("NCPA") and WAXIE Sanitary Supply ("Vendor").

Recitals

WHEREAS, Region 14 ESC has entered into a certain Master Agreement dated November 1st, 2012, referenced as Contract Number 03-09, by and between Region 14 ESC and Vendor, as may be amended from time to time in accordance with the terms thereof (the "Master Agreement"), for the purchase of Janitorial Supplies, Equipment, Maintenance & Repair;

WHEREAS, said Master Agreement provides that any state, city, special district, local government, school district, private K-12 school, technical or vocational school, higher education institution, other government agency or nonprofit organization (hereinafter referred to as "public agency" or collectively, "public agencies") may purchase products and services at the prices indicated in the Master Agreement;

WHEREAS, NCPA has the administrative and legal capacity to administer purchases under the Master Agreement to public agencies;

WHEREAS, NCPA serves as the administrative agent for Region 14 ESC in connection with other master agreements offered by NCPA

WHEREAS, Region 14 ESC desires NCPA to proceed with administration of the Master Agreement;

WHEREAS, NCPA and Vendor desire to enter into this Agreement to make available the Master Agreement to public agencies on a national basis;

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, NCPA and Vendor hereby agree as follows:

♦ General Terms and Conditions

☑ The Master Agreement, attached hereto as Tab 1 and incorporated herein by reference as though fully set forth herein, and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement.

☑ NCPA shall be afforded all of the rights, privileges and indemnifications afforded to Region 14 ESC under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to NCPA under this Agreement including, but not limited to, the Vendor’s obligation to provide appropriate insurance and certain indemnifications to Region 14 ESC.

☑ Vendor shall perform all duties, responsibilities and obligations required under the Master Agreement in the time and manner specified by the Master Agreement.

☑ NCPA shall perform all of its duties, responsibilities, and obligations as administrator of purchases under the Master Agreement as set forth herein, and Vendor acknowledges that NCPA shall act in the capacity of administrator of purchases under the Master Agreement.

☑ With respect to any purchases made by Region 14 ESC or any Public Agency pursuant to the Master Agreement, NCPA (a) shall not be construed as a dealer, re-marketer, representative, partner, or agent of any type of Vendor, Region 14 ESC, or such Public Agency, (b) shall not be obligated, liable or responsible (i) for any orders made by Region

...
14 ESC, any Public Agency or any employee of Region 14 ESC or Public Agency under the Master Agreement, or (ii) for any payments required to be made with respect to such order, and (c) shall not be obligated, liable or responsible for any failure by the Public Agency to (i) comply with procedures or requirements of applicable law, or (ii) obtain the due authorization and approval necessary to purchase under the Master Agreement. NCPA makes no representations or guaranties with respect to any minimum purchases required to be made by Region 14 ESC, any Public Agency, or any employee of Region 14 ESC or Public Agency under this Agreement or the Master Agreement.

The Public Agency participating in the NCPA contract and Vendor may enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in this contract i.e. invoice requirements, ordering requirements, specialized delivery, etc. Any supplemental agreement developed as a result of this contract is exclusively between the Public Agency and Vendor. NCPA, its agents, members and employees shall not be made party to any claim for breach of such agreement.

**Term of Agreement**

This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the obligation to pay all amounts owed by Vendor to NCPA through the termination of this Agreement and all indemnifications afforded by Vendor to NCPA shall survive the term of this Agreement.

**Fees and Reporting**

Vendor shall pay to NCPA a monthly/quarterly administrative fee based upon the total purchase price paid to Vendor for the sale of products and/or services pursuant to the Master Agreement based upon tiered fee schedule below. Vendor’s annual sales shall be measured on a calendar year basis.

Supplier shall maintain an accounting of all purchases made by Public Agencies under the Master Agreement. NCPA and Region 14 ESC reserve the right to audit the accounting for a period of four (4) years from the date NCPA receives the accounting. In the event of such an audit, the requested materials shall be provided at the location designated by Region 14 ESC or NCPA. In the event such audit reveals an underreporting of Contract Sales and a resulting underpayment of administrative fees, Vendor shall promptly pay NCPA the amount of such underpayment, together with interest on such amount and shall be obligated to reimburse
NCPA’s costs and expenses for such audit.

☐ The awarded vendor shall electronically provide NCPA with a detailed monthly or quarterly report showing the dollar volume of all sales under the contract for the previous month or quarter. Reports shall be sent via e-mail to NCPA offices at reporting@ncpa.us. Reports are due on the fifteenth (15th) day after the close of the previous month or quarter. It is the responsibility of the awarded vendor to collect and compile all sales under the contract from participating members and submit one (1) report. The report shall include at least the following information as listed in the example below:

◆ General Provisions

☐ This Agreement supersedes any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereof, and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained herein shall be valid or binding.

☐ Awarded vendor agrees to allow NCPA to use their name and logo within website, marketing materials and advertisement. Any use of NCPA name and logo or any form of publicity regarding this contract by awarded vendor must have prior approval from NCPA. WAXIE Sanitary Supply requests reciprocal rights to approve the use of the WAXIE name and logo prior to NCPA utilizing it in any manner.

☐ If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any administrative fee and accrued interest, the prevailing party shall be entitled to reasonable attorney’s fees and costs in addition to any other relief to which such party may be entitled.

☐ Neither this Agreement nor any rights or obligations hereunder shall be assignable by Vendor without prior written consent of NCPA. Any assignment without such consent will be void.

WAXIE Sanitary Supply requests that the assignment clause be reciprocal for both parties.

☐ This Agreement and NCPA’s rights and obligations hereunder may be assigned at NCPA’s sole discretion, to an existing or newly established legal entity that has the authority and capacity to perform NCPA’s obligations hereunder.

☐ All written communications given hereunder shall be delivered to the addresses as set forth below.

Waxie Sanitary Supply is an Arizona Corporation wholly owned by Charles and David Wax. The company is considered the premier company of its type in the United States. Waxie Sanitary Supply is a 65 year old privately held, family owned company with a proud history of honoring our clients, communities and family values. This is summed up in our company motto: "The customer is the focus of everything we do." Waxie is the largest distributor of sanitary supplies in the Western USA with more square footage of warehouse space than any of our competitors. We are also the largest family owned distributor in the nation and are the largest partner of Network Services. We set ourselves apart from our competitors by having orders delivered on time, at the right price, with exceptional customer service. Our average fill rate on orders is 98.2%. We believe we are here to listen to our clients and then respond to their needs. Waxie is a leader in GREEN options as well for our clients. We provide internet access to our catalog at www.WAXIE.com, online ordering through Web@Work, accurate cost accounting.

◆ Define your standard terms of payment. - Net 20, NCPA contract terms are Net 30

◆ Who is your competition in the marketplace?
  Padre Janitorial
  Mission Janitorial
  Werth Janitorial

Based on overall revenue, WAXIE is the largest provider of janitorial supplies in the Western United States.
◆ What differentiates your company from competitors?

WAXIE Sanitary Supply brings a proven record of implementing complex group purchasing contracts in the public sector rapidly and effectively. WAXIE Sanitary Supply has grown public sector group purchasing contracts that are national in scope to over $60,000,000.00 in sales from zero in just the past six years. This growth has been regional, nearly all in the nine western states we operate in. WAXIE Sanitary Supply can now project that success to all fifty states through our subcontracting partners.

WAXIE Sanitary Supply has access to the most sophisticated market intelligence data available through our participation in several bid and market research contracts including BidSync, Onvia, Precision Data, Ariba, and others. This allows us to proactively plan for opportunities in the public sector and deliver contract solutions to all our public sector clients.

WAXIE Sanitary Supply has a vertical market trained, and focused, outside sales and customer maintenance program. This assures public sector clients that our people know not only all of the technical aspects of cleaning, safety, lighting, equipment, and other supplies but also have a well rounded knowledge of public sector purchasing and its unique requirements.

◆ Describe how your company will market this contract if awarded.

WAXIE Sanitary Supply will utilize the following marketing tools to educate our customers and all public sector customers about the value of the NCPA contract.

1. Direct electronic marketing to current and future customers via email.
2. Sales force in WAXIE Sanitary Supply’s nine state regions of 85 public sectors focused and trained consultants with advanced market intelligence information making calls directly on existing business for conversion, and new accounts that are eligible and available to convert. Since we know all of the current contract expiration dates we will be able to aggressively market the NCPA contract.
3. Attendance at industry trade shows with banner stands showing our NCPA contract.
4. Offering NCPA to all current public sector customers as an immediate or long term option. We will not however change a customer from a current agreement, local or national without their express permission.

◆ Describe how you intend to introduce NCPA to your company.

WAXIE Sanitary Supply is already engaged with NCPA response at the executive level. All senior executives including the Chairman and CEO, President, both Executive Vice President and the General Managers, have been briefed on our opportunity with NCPA. Upon award an NCPA contract overview seminar will be broadcast to all WAXIE locations utilizing our teleconferencing system. All participating public sector sales and customer service personnel will be required to attend as well as all operations managers, warehouse managers, local purchasers and local accounts receivable personnel.

Immediately upon completion of the seminar the NCPA contract administrator will visit each WAXIE Inventory Center to review the operational aspects of the contract and to finalize NCPA market target lists.
WAXIE has a number of different options to support order fulfillment. Our main web-based tool is a full-featured online ordering website (online.WAXIE.com) which contains real-time pricing, product availability, and historical order lookup, contract price lists, and product images, extended product descriptions, MSDS sheets. This online ordering system contains the standard features available on most websites and it has advanced functionality such as order approvals, ship-to level budgeting and spend management, unlimited user definable shopping lists, visibility on all searches for core/non-core items and the ability to restrict certain users to order only off the “Core” item list while allowing other users to order all items. This web functionality also allows a customer to access WAXIE’s website through an XML-based direct connect (Punchout) between the customer’s system and WAXIE’s web servers. The Punchout protocol ensures the customer’s backend systems have visibility to the items that are being ordered and the expected delivery dates.

WAXIE also offers traditional EDI, AS2, and XML, email, fax and phone alternatives for customers to place their orders. The ability to accept procurement cards and credit cards is available on all order entry methods with the exception of EDI. If EDI is utilized, a default procurement card can be stored in an encrypted, tokenized form within WAXIE’s servers and can used for all orders particular to a given ship-to. WAXIE would also warn against using email or fax, due to PCI data security standards if p-cards are going to be sent with each order.

WAXIE’s authorization process allows a user to have a different approver hierarchy based on order size and approvals can be tiered based when multiple approvals are needed for final submission of the order. WAXIE’s Spend Management allows the customer to create ship-to level budgets which are shown throughout the website and informs the user throughout the order process where they are from a spend standpoint in relationship to the period budget. Budgets can be entered by month, quarter, and year and via PO. WAXIE’s product restriction functionality can prevent users from ordering non-core or non-contract items while allowing super users the ability to order from WAXIE’s entire product catalog. This helps WAXIE customers ensure their purchases are being made for the right products.

WAXIE has many customers using Punchout. Our Punchout customers vary greatly in spend and order frequency range and its typical that all of a Punchout customer’s order volume with go through Punchout and in some cases our customers have asked us to disable their user’s web ID’s once the customer has moved to a Punchout ordering platform. One of our larger Punchout customers is The San Diego Unified School District with sales of $3,307,216 and 5,284 orders processed through Punchout in the last 18 months. For the same time period the University of California sites in Davis, Irvine, Hastings, San Diego, Berkeley and Santa Barbara had Punchout sales of $2,338,101 or 6,946 orders.

Web@Work e-commerce platform that can be customized for your needs, including real-time inventory availability, multiple level approval options and user Spend Management in addition to typical web ordering platforms. WAXIE’s Web@Work online ordering has the features of a Web-based catalog, contract pricing available online, order status/tracking, order history (by cost center), product availability, product technical data, illustrations, material safety data sheets (MSDS) and WAXIE has an online help desk.
In Summary, WAXIE Web@Work has the following e-commerce capabilities to allow access all account information online:

- This information includes but is not limited to:
  - Real-time inventory levels at the appropriate shipping locations
  - Real-time order status
  - Accounts receivable information
  - Real-time open invoices
  - Real-time paid invoices with detailed payment history and information
  - Ability to research previous order information
  - Ability to research product usage by ship-to and export data
  - Ability to place orders online with secured checkout
  - Custom shopping lists
  - Access to MSDS 7/24
  - Detailed product information including pictures and specifications
  - Suggested alternate and replacement items
  - Ability to use procurement/credit cards
  - Ability to have multiple order approval levels
  - Multiple email confirmations
  - Search and order by either customer item number or vendor item number
  - Select multiple shipping locations by user
  - Ability to utilize General Ledger numbers for each item
  - Option to hide product pricing from specified users
  - Budget control by month or by order
  - Product purchase restrictions

◆ Describe your company’s Customer Service Department (hours of operation, number of service centers, etc.)

WAXIE will designate a single point of contact for the NCPA portfolio and an individual consultant for each location. The Sales Consultant, Sales Manager and General Manager will be onsite as often as required. In addition a Corporate Government Specialist will be available as necessary to ensure quality service and end-user satisfaction. Additionally, the consultant will educate appropriate staff on best practices, industry innovation, and product applications.

NCPA consultant can assist, if required, in setting par levels for products and completely handle any transition of business between vendors. Orders can be placed in person, via phone, email, fax, internet, or through EDI. You will also have a Corporate Account Administrator at our headquarters that will be responsible for administering pricing and performing account maintenance. We will tailor customer service support to meet your requirements. If you prefer one point of contact we can arrange for that or if you prefer multiple points of contact we can arrange for that as well.

Quarterly or semi-annual meetings will be held with appropriate NCPA personnel to discuss KPIs and areas for improvement. WAXIE has a tremendous emergency response capability because of our warehouse locations, product stock levels, and customer service/consultant availability. In many locations, WAXIE has been designated as an emergency response resource for municipalities. Same-day deliveries are even possible when absolutely necessary.

Service Centers: WAXIE has a service center in each of the nine main inventory centers. Hours of operation are 8am to 5pm local time. Each service center is fully equipped and staffed daily with access to local parts inventory between $50,000.00 and $250,000.00. Quick shipment of parts is available through most major participating manufacturers. Parts, specifications and repair instructions are all computerized for all manufacturers.

Outside repair services are handled by Nilfisk-Advance national service program or USA Clean service. Contract pricing for these services are being negotiated. Customer Service Support staff is available by phone Monday-Friday 8am to 5pm local time however the Sales Consultant is available 24/7/365 for emergency service as needed. All Customer Service staff members have an assigned back up that is familiar with their assigned customers and able to assist.
WAXIE Sanitary Supply is committed to being a leader to promote responsible business practices that support sustainable communities that are secure, economically prosperous, environmentally responsible and healthy places in which to live and work. Sustainability has emerged as a global theme of the 21st century – it is a concept that balances the interconnectedness of the environment, the economy and our quality of life and that recognizes the importance of our stewardship over each. WAXIE shares the goal of establishing partnerships to advance education, communication, business best practices, policies, research, technologies and programs to support a more sustainable region for all generations. WAXIE’s commitment to sustainability in general and GREEN cleaning (or effective cleaning that protects human health without harming the environment) in particular is demonstrated by a number of actions, including:

a. WAXIE is a member of the U.S GREEN Building Council (UGBC) – with two (2) company buildings earning LEED Silver certification
b. WAXIE San Diego Headquarters and Inventory Center achieved Energy Star certification 2012
c. WAXIE Santa Ana Inventory Center installed solar panels 2012
d. A WAXIE employee sits on the Board of Directors for the San Diego chapter of USGBC, and serves as the chapter’s Immediate Past President and point of contact for LEED EBOM
e. Ten (10) WAXIE employees are LEED® Accredited Professionals and three (3) are LEED GA
f. Thirty-one (31) WAXIE employees are CIMS-GB ISSA Certification Experts
g. WAXIE is a charter signatory of the San Diego Regional Sustainability Partnership (www.sdrsp.org)
h. WAXIE has a broad selection of environmentally preferable products (including numerous WAXIE private labeled cleaning products) that have received certifications from GREEN Seal, EcoLogo and Scientific Certification Systems, or have been formulated in partnership with EPA Design for the Environment (DfE). Over 400 “GREEN” products are offered to NCPA contract users.
i. WAXIE has developed GREEN Partner Support™ (GPS®) to assist GREEN-committed end-user customers implement more effective GREEN cleaning programs
j. WAXIE was on Technical Committees for development of ISSA Cleaning Industry Management Standard (CIMS and CIMS-GB), and a participating stakeholder in the Standard Development Team for the GREEN Seal “GREEN Cleaning Services Standard” (GS-42) and revision of Industrial and Institutional Cleaners (GS-37)
k. WAXIE has conducted numerous “GREEN Cleaning Seminars” at WAXIE branches in San Diego, Santa Ana, Ontario, Los Angeles, Palm Springs, San Francisco, Tempe, Tucson, Las Vegas, Salt Lake City, Portland, Seattle, Colorado Springs and Denver
l. WAXIE representatives have been asked to speak at functions for organizations such as USGBC, BOMA, IFMA, PABSCO, ISSA, SCSSA, SDEP, HPSI and CURB on the subjects of GREEN cleaning, LEED or sustainability
m. WAXIE consultants have assisted with GREEN cleaning needs of several LEED projects
n. WAXIE Desk Calendars and Product Catalogs and product literature printed with postconsumer recycled content using soy based inks; GREEN section of catalog and website developed to provide customer education and promote GREEN purchasing
o. Sponsor and host for LEED for Existing Buildings Technical Review Workshops and other LEED EBOM Educational Series in partnership with USGBC chapter
p. Delivery routes planned with routing software that minimizes travel time, resulting in less fuel consumption and vehicle emissions – also pilot in place for hybrid delivery trucks for some routes to further decrease fuel consumption and vehicle emissions
q. WAXIE Santa Ana deployed CNG truck for route resulting in reduced gas usage and emissions
r. Recycling and waste diversion program for corrugated, shrink wrap and pallets, as well as other ongoing consumables, durable goods and facility alterations
s. GREEN Cleaning Policy, Recycling Policy, and water conserving devices installed in restrooms
t. Video conferencing technology utilized to decrease need for face-to-face meetings
u. Web@work e-commerce platform and eInvoicing promoted to minimize paper usage
v. RFP technology utilized for inventory control to minimize paper usage
WAXIE Sanitary Supply distributes over 4500 products, and close to 20% of those products can be identified as either being third-party certified (GREEN Seal, EcoLogo, EPA DfE, SCS, CACC, CRI), or having an environmentally preferable attribute (such as containing post-consumer recycled content which meets EPA CPG), or being a product which would contribute to water conservation (waterfree urinal) or help to divert waste from the landfill (recycling containers).

WAXIE continually evaluates its product mix, and has proactively converted products to a more environmentally preferable alternative while simultaneously phasing out the more “traditional” incumbent products – the goal is to provide our customers with product options which can contribute to an effective GREEN cleaning program and do not compromise on performance, health & safety, environmental impact or price.

Historically WAXIE has achieved GREEN spend on public sector GPO contracts in excess of 40% through focused sales efforts and incentives for customers to purchase GREEN products. WAXIE has achieved GREEN spend of 80% and more at several customers that have focused their environmental services departments toward a complete GREEN strategy.
Green Partner Support™ (GPS®) is...
a comprehensive approach to helping our customers clean to protect health
without harming the environment

GPS encompasses all aspects of the cleaning process and seeks to have a
positive effect on the health of building occupants and cleaning personnel, while also
striving to minimize any negative effects on the environment

GPS is ongoing support from WAXIE that consists of a combination of proper
cleaning procedures, processes and planning to safely and effectively clean buildings,
as well as the cleaning chemicals, equipment, and accessories required to perform the
cleaning function

GPS is a blueprint for best practices, is continually seeking improvements, and
adopts from Executive Order 13101 the definition of environmentally preferable as
“products and services that have a lesser or reduced effect on human health and the
environment when compared with competing products and services that serve the same
purpose”

GPS identifies third party certifications whenever available to substantiate
environmentally preferable claims (such as EPA Comprehensive Procurement
Guidelines, EPA DFE, Green Seal, Carpet & Rug Institute Green Label, Leadership in
Energy and Environmental Design (LEED), etc.) and includes the demonstrated
knowledge of twelve (12) LEED® Accredited Professionals employed by WAXIE

GPS also addresses worker safety, worker training, building occupant recycling
programs, preventative maintenance, and internal and external communication of
cleaning policy

GPS is a collaboration and partnership between WAXIE and its green-committed
end-user customers

GPS focuses on people

GPS considers the building as a whole

GPS cleans for health and appearance

GPS uses safer products and processes

GPS Guides You On The Path To

**STEP 1**
Start with low environmental impact cleaning chemicals and dispensing systems, including third-party certified (i.e. Green Seal, EcoLogo, Scientific Certification Systems) and biobased chemicals, and other products with a more environmentally preferable profile (i.e. EPA DfE).

**STEP 2**
Utilize low environmental impact cleaning tools and equipment, including vacuum cleaners and carpet extractors certified by the Carpet & Rug Institute, microfiber technology and much more.

**STEP 3**
Reduce the amount of dirt entering the building and develop cleaning strategies to maintain your entryway systems as well as exterior walkways.

**STEP 4**
Divert waste from landfills with a recycling program for paper, plastic & glass, as well as light bulbs and batteries.
More Sustainable Cleaning Solutions

**STEP 5**
Promote source reduction and use products that are third-party certified (i.e., Green Seal, EcoLogo, Scientific Certification Systems), meet EPA guidelines for post-consumer recycled content, or are derived from rapidly renewable resources.

**STEP 6**
Conserve water and increase hygiene with no-touch restroom accessories.

**STEP 7**
Fight the spread of germs in your workplace through hand washing and use of hand sanitizers.

**STEP 8**
Partner with WAXIE to implement and communicate low environmental impact cleaning policy and training. Commit to continued improvement in your maintenance operation, implement an Environmental Management System (EMS) and pursue LEED® certification for your building. Start with a Green Cleaning Site Survey from WAXIE.
Sustainable Cleaning Solutions
Focused on Your Triple Bottom Line

Promote safer & healthier work environments

Reduce environmental impacts

Increase workplace wellness and productivity

WAXIE’s GPS®
Green Partner Support™

- WAXIE’s comprehensive approach to cleaning green
- Low environment impact cleaning products, tools, equipment and training
- Contributes credits for your LEED® project and CIMS-GB certification
- Effective cleaning that protects health without harming the environment

Protect Health  Reduce Impact  Increase Productivity
GPS® GREEN PARTNER SUPPORT™

GPS Green Partner Support is a comprehensive approach to helping our customers clean green. GPS encompasses all aspects of the cleaning process and seeks to have a positive effect on the health of building occupants and cleaning personnel, while also striving to minimize any negative effects on the environment.

GPS is ongoing support from WAXIE that consists of a combination of proper cleaning procedures, processes and planning to safely and effectively clean buildings, as well as the cleaning chemicals, equipment, and accessories required to perform the cleaning function.

GPS is a blueprint for best practices, is continually seeking improvements, and considers the definition of environmentally preferable to be “products and services that have a lesser or reduced effect on human health and the environment when compared with competing products and services that serve the same purpose.”

GPS identifies third-party certifications and guidelines wherever available to substantiate environmentally preferable claims (such as EPA Comprehensive Procurement Guidelines, EPA DRE, EcoLogo, Green Seal, SCS Certified (Green Cross), Carpet & Rug Institute Green Label, Leadership in Energy and Environmental Design (LEED®), etc.) and includes the demonstrated knowledge of LEED Accredited Professionals employed by WAXIE. GPS is a collaboration and partnership between WAXIE, its customer partners, and its manufacturer partners, and includes everything you need to clean when you want to go green.

WAXIE offers GPS Green Partner Support for its green-committed end user customers who would like to collaborate on implementing a green cleaning program that combines environmentally preferred products with good sound cleaning procedures, training and expertise to create an effective and safe cleaning program.

GREEN CLEANING

Green cleaning can be defined as “effective cleaning that protects health without harming the environment.”

The federal government first defined “green” and “environmentally preferred purchasing” as “…products and services that have a lesser or reduced effect on human health and the environment when compared with competing products and services that serve the same purpose” with Executive Order 13101 in 1998.

This executive order has subsequently been superseded since 2007 by Executive Order 13423, which places additional emphasis on issues of sustainability and also considers product life cycles.

A holistic approach to green cleaning will incorporate solutions that consider human health and environmental impacts in a way that thoughtfully addresses:
- products, equipment and tools
- processes and procedures
- commitment to continuous improvement

WAXIE offers GPS Green Partner Support for customers looking for a comprehensive approach to cleaning green.
USGBC is a non-profit organization of representatives from across the building industry leading a national consensus for producing a new generation of buildings that deliver high-performance inside and out. USGBC's mission is "to promote buildings that are environmentally responsible, profitable, and healthy places to live and work."

USGBC has developed the LEED (Leadership in Energy & Environmental Design) Green Building Rating System, which is a voluntary, consensus-based national standard for developing high-performance, sustainable buildings. LEED was created to define "green building" by establishing a common standard of measurement and to stimulate "green competition."

A LEED for Existing Buildings: Operations & Maintenance (LEED EB:OM) project can earn credits toward green building certification by implementing a green cleaning program, and a LEED for New Construction project can earn an innovation credit by submitting a written green cleaning policy.

Even if your facility is not pursuing LEED certification, LEED EB:OM can still be used as a guide to describe best practices in operations and maintenance of a facility. For more information, visit www.usgbc.org.

WAXIE is a member of USGBC, employs several LEED Accredited Professionals, and has two company Inventory Centers that have achieved LEED Silver Certification. GPS Green Partner Support serves as a guide for facilities looking to implement a LEED environmental impact cleaning program, and has successfully contributed to several LEED projects.

EcoLogo is a third-party eco-labeling program and the first standard in North America approved by the Global Ecolabeling Network, an international association of eco-labeling programs, as meeting the ISO 14024 environmental labeling standard. Like the U.S. government's Energy Star Program, EcoLogo was originally founded by the Canadian government and is now used across North America. EcoLogo provides a market incentive to manufacturers and suppliers of environmentally preferable products and services in more than 120 product categories (more than 7,000 currently certified), and thereby helps producers, consumers identify products and services that are less harmful to human health and the environment. EcoLogo certification provides the assurance that those products and services meet stringent environmental standards that have been verified by a third party auditor.

EcoLogo has many standards for cleaning products including Hand Sanitizer Cleaners (CD-146), Floor Care Products (CD-147), Hand Cleaners (CD-104), Biologically-Based Cleaning & Degreasing Compounds (CD-110), Carpet & Upholstery Cleaners (CD-116), among many others. EcoLogo was established in 1998 and today is one of the most recognized eco-labels in North America.

EcoLogo certification is referenced as a requirement to meet for several categories of cleaning products in the Sustainable Cleaning Products and Materials section of the LEED for Existing Buildings: Operations & Maintenance (LEED EB:OM) Green Building Rating System. For more information, visit www.ecologo.org.

WAXIE has several EcoLogo products to choose from, including: all-purpose cleaners, glass cleaners, neutral floor cleaners, bathroom cleaners, hand soaps, floor finishes, floor finish enhancers, floor strippers, paper towels and bath tissue.

Green Seal is an independent, non-profit organization that strives to achieve a healthier and cleaner environment by identifying and promoting products and services that cause less toxic pollution and waste, conserve resources and habitats, and minimize global warming and ozone depletion. Green Seal's mission: "To achieve a more sustainable world by promoting environmentally responsible production, purchasing and products." Green Seal has standards for several categories including Sanitary Paper Products (GS-01), Industrial & Institutional Cleaners (GS-37), Industrial & Institutional Floor Care Products (GS-40), and Industrial & Institutional Hand Cleaners (GS-41), just to name a few.

Green Seal certifies products and services that meet certain performance and environmental impact qualifications. Green Seal is referenced as a requirement to meet in the Sustainable Cleaning Products and Materials section of the LEED for Existing Buildings: Operations & Maintenance (LEED EB:OM) Green Building Rating System. For more information, visit www.greenseal.org.

WAXIE has several Green Seal certified products to choose from, including all-purpose cleaners, glass cleaners, neutral floor cleaners, bathroom cleaners, hand soaps, floor finishes, floor finish enhancers, floor strippers, paper towels and bath tissue.
The ISSA Cleaning Industry Management Standard (CIMS) sets forth a management framework designed to assist building service contractors and in-house service providers develop quality, customer-centered organizations and is based on universally accepted principles that have proven to be the hallmarks of well-managed, successful cleaning operations.

To help meet the growing demand for green and "Leadership in Energy and Environmental Design" (LEED) certification, the Cleaning Industry Management Standard & Certification Program has been expanded to include new “Green Building” (GB) criteria and a new optional GB designation.

EPA COMPREHENSIVE PROCUREMENT GUIDELINES (CPG)

The EPA is a federal agency whose mission is “to protect human health and the environment.” CPG is the federal government’s buy-recycled program and is authorized by Congress under the Resource Conservation and Recovery Act (RCRA). EPA is required to designate products that are or can be made with recovered materials and to recommend practices for buying these products, including ranges of post-consumer and total recovered materials content.

Once a product is designated, procuring agencies are required to purchase it with the highest recovered material content level practicable.

CPG-designated products from the cleaning industry include paper towels (40-60% post-consumer fiber), bathroom tissue (20-60% post-consumer fiber), and plastic trash bags (10-100% post-consumer content).

CPG is referenced as a requirement to meet in the Sustainable Cleaning Products & Materials section of the LEED for Existing Buildings: Operations & Maintenance (LEED EB:OM) Green Building Rating System. For more information, visit www.epa.gov/cpg.

WAXIE has several sanitary paper products and plastic trash liners that meet EPA’s recommended levels of post-consumer recovered content.

EPA DESIGN FOR THE ENVIRONMENT (DfE)

The Design for the Environment (DfE) is the US EPA’s label for safer chemical-based products. The DfE Safer Product Labeling Program advances EPA’s mission to protect human health and the environment. The program uses EPA’s chemical expertise and resources to carefully evaluate products and to label only those that have met the program’s highly protective Standard for Safer Cleaning Products and stringent safer ingredient criteria.

By allowing use of the logo on products, EPA empowers consumers and commercial purchasers to select safer chemical products that do not sacrifice quality or performance and that are safer for people and the planet. DfE labels a wide variety of chemical-based products, like all-purpose and specialty cleaners, laundry detergents, and carpet and floor care products. In addition, DfE has teamed with the GreenBlue Institute to develop the CleanGredients database, which uses the DfE methodology and “green screen” to identify safer chemicals for cleaning products (see www.CleanGredients.org).

Look for the Design for the Environment logo when you shop or procure products and join a national campaign to protect human and environmental health. For more information, visit www.epa.gov/dfe.

WAXIE has a number of cleaning products that have earned the EPA DfE label, including all-purpose cleaners, glass cleaners, neutral floor cleaners, bathroom cleaners and laundry and dishwashing detergents.
GREEN PARTNER SUPPORT

CARPET & RUG INSTITUTE GREEN LABEL

The Carpet & Rug Institute (CRI) is the national trade organization representing the carpet and rug industry. In an effort to promote better indoor air quality, CRI has developed the Green Label certification for carpet, cushions, adhesives and vacuum cleaners.

To qualify for Green Label, vacuum cleaners must go through a stringent testing process that measures three key performance factors: soil removal, dust containment and carpet appearance retention.

CRI Green Label vacuum cleaners, and other equipment that is demonstrably better for indoor air quality, are recognized and promoted in the LEED for Existing Buildings: Operations & Maintenance (LEED EBD:OM) Green Building Rating System under the Low Environmental Impact Cleaning Equipment Policy credit. For more information, visit www.carpet-rug.com.

WAXIE has several vacuum cleaners to choose from that are Green Label approved by the Carpet & Rug Institute (CRI).

SCIENTIFIC CERTIFICATIONS SYSTEMS

SCS (Scientific Certification Systems) is an independent certifier of environmental, sustainability, food quality and food purity claims. For cleaning products, SCS certifies indoor air safety (SCS Indoor Advantage), biodegradability and recycled content. Other SCS programs span a wide cross-section of the economy, recognizing accomplishments in agricultural production, food processing and handling, forestry, fisheries, flowers and plants, energy, green building, consumer and business product manufacturing, and corporate social responsibility.

The SCS certification logo appears on thousands of individual products and helps businesses, government agencies and consumers to make the best-informed decisions. Through SCS's Material Content certification programs, manufacturers earn the right to label products with SCS third-party certification, verifying claims including recycled, reclaimed, salvaged, and biobased materials content. For more information, visit www.scs-certified.com.

WAXIE has several cleaning products with attributes that are certified by SCS, including cleaning chemicals that are certified for biodegradability and trash liners that are certified for recycled content.

CARPET & RUG INSTITUTE SEAL OF APPROVAL

CRI has a Seal of Approval for carpet extraction cleaners, and has recently added a category for vacuum cleaners to eventually replace the Green Label. The CRI Seal of Approval program tests the effectiveness of carpet cleaning equipment and certifies deep cleaning extractors that effectively remove soil without damage to the carpet.

To qualify for the Seal of Approval, carpet extractors must meet stringent standards in three key performance factors: soil removal, residual water and moisture removal, and carpet appearance retention. Based on performance, the extractors are awarded either Gold, Silver or Bronze Level Seal of Approval. For more information, visit www.carpet-rug.org.

WAXIE has several carpet extraction cleaners and vacuum cleaners to choose from that have earned the Seal of Approval from the Carpet & Rug Institute (CRI).

GREENGUARD

GREENGUARD Environmental Institute (GEI) is an industry-independent, nonprofit organization that oversees the GREENGUARD certification program. GEI's mission is to improve public health and quality of life through programs that improve indoor air; GEI establishes acceptable indoor air standards for indoor products, environments and buildings.

GEI has product certification programs for low emitting interior building materials, furnishings and finish systems, as well as cleaning products and systems, including a program for Children & Schools that identifies products certified for use in educational environments. For more information, visit www.greenguard.org.

WAXIE has several products that can be used as part of a cleaning program which has been GREENGUARD Indoor Air Quality certified for cleaning for Children & Schools.
**FSC (FOREST STEWARDSHIP COUNCIL)**

The Forest Stewardship Council (FSC) is an international non-governmental organization dedicated to promoting responsible management of the world's forests through third-party forest certification and product labeling. The FSC label provides a credible link between responsible production and consumption of forest products, enabling consumers and businesses to make purchasing decisions that benefit people and the environment as well as providing ongoing business value.

FSC chain-of-custody certification tracks FSC-certified material from the forest to the consumer, including all stages of processing, transformation, manufacturing and distribution. It is a guarantee to consumers and businesses that FSC-labeled products come from well-managed forests or other FSC-approved sources, including post-consumer reclaimed material.

FSC is increasingly recognized by governments and independent environmental groups throughout the world, and it has become synonymous with responsible forestry. It is also the only wood certification system supported by Greenpeace, the World Wildlife Fund (WWF), The Nature Conservancy, and the National Wildlife Federation. For more information, visit www.fsc.org.

WAXIE has several sanitary paper product options that have received FSC chain-of-custody certification.

**BIOBASED**

According to the USDA BioPreferred® Program, a biobased product is “one that is composed, in whole or significant part, of biological products or renewable agricultural materials (including plant, animal, and marine materials) or forestry materials.”

Biobased products fall into three broad categories: biochemicals (such as cleaning surfactants), biomaterials (such as plastics and laminates) and biofuels (such as biodiesel).

Biobased cleaning products help to reduce dependence on imported oil, are considered to be more helpful to the US economy in general and the rural economy in particular, and are typically healthier for people and the environment than petroleum-based alternatives.

The USDA (US Department of Agriculture) has initiated a “USDA Certified Biobased Product” label to help identify products that are made from biobased materials, and the Farm Security and Rural Investment Act (FSRIA) of 2002 (also referred to as the Farm Bill) requires federal agencies to purchase biobased products when reasonably available, reasonably priced, and comparable in performance. For more information, visit www.biopreferred.gov.

WAXIE has several cleaning product & hand soap options that are made from biobased materials.

**CLEANING WITHOUT CHEMICALS**

Whether you use the term “chemical free cleaning” or “cleaning with engineered water”, there are a variety of cleaning technologies now available which allow you to perform many cleaning tasks without using as many pre-packaged ready-to-use cleaning chemicals or chemical concentrates. Some technologies convert water to steam, and the heat is used to clean and sanitize surfaces. Some technologies use water with abrasive pads, and the mechanical action of the pads is used to strip floor finish without chemical stripper, or clean and burnish floors without other cleaning chemicals.

WAXIE has several options to choose from which allow for cleaning without pre-packaged chemicals – these options include commercial steam cleaning systems which clean and sanitize using only steam, and floor pads which strip, clean or burnish floors using only water.
**GREEN PARTNER SUPPORT**

**SCAQMD CLEAN AIR CHOICES CLEANER CERTIFICATION (CACC)**

SCAQMD’s (South Coast Air Quality Management District) new “Clean Air Choices” voluntary certification program seeks to raise the profile of ultra-low-polluting commercial cleaning products in the marketplace.

Commonly used cleaning products are a source of volatile organic compound (VOC) emissions and contribute to the formation of smog. Such products include air fresheners, floor care products, all-purpose cleaners and degreasers, bathroom and tile cleaners, carpet and upholstery cleaners, automobile soaps, glass cleaners, and metal polishers/cleaners.

To become certified, a product must meet environmentally preferable qualifications including a VOC limit of 10 grams per liter or less and verification that no prohibited ingredients are present.

For more information, visit www.scaqmd.gov/rules/cacc.

WAXIE has several Clean Air Choices Certified cleaning chemicals to choose from, including disinfectants, all-purpose cleaners, glass cleaners, neutral floor cleaners, bathroom cleaners, carpet cleaners, furniture polish, and liquid enzymes.

**CALIFORNIA CODE OF REGULATIONS VOC CONTENT**

The State of California regulates the VOC levels of various consumer products due to concerns over air quality. The California Code of Regulations (Article 2 Section 94500, Title 17) specifies the maximum allowable Volatile Organic Compound (VOC) levels for several cleaning product categories.

For the cleaning product categories that are not represented by other green certifications, these regulations can assist in the product selection process. For more information, visit www.arb.ca.gov.

WAXIE offers cleaning chemicals that meet the maximum allowable VOC content levels established by the California Code of Regulations, and many of these chemicals also meet the more stringent South Coast Air Quality Management District standards and have earned “Clean Air Choices” certification (CAC).

**MICROFIBER TECHNOLOGY**

Microfiber products contribute to better indoor air quality with their superior dust and dirt containment, and they also contribute to source reduction by allowing for the use of less cleaning chemicals and water.

WAXIE has a broad selection of cleaning products that utilize microfiber technology, including floor mops, dust mops, cleaning cloths and clusters, as well as entrance mats.

**ENTRYWAY MATTING SYSTEMS**

Entryway mats are the first defense against dirt, dust, pollen and other particles entering a building. Utilizing the appropriate size entryway mat, and developing the associated cleaning strategies to clean and maintain the matting and exterior walkways, is an excellent way to contribute to better indoor air quality and to keep the building cleaner.

WAXIE has a broad selection of entryway matting to meet your needs in numerous styles, sizes and colors.
RAPIDLY RENEWABLE

According to the LEED® for Existing Buildings: Operations & Maintenance (EB:OM) Green Building Rating System, rapidly renewable materials are “agricultural products that take 10 years or less to grow or raise and can be harvested in a sustainable fashion.” When compared with other materials that take longer to grow, rapidly renewable resources have a comparatively lower impact on the environment. Softwoods such as eucalyptus, acacia and tree-free fibers like bamboo and wheat can be used to create paper products, and can be harvested within this shorter time frame.

WAXIE has several sanitary paper product options that are made from rapidly renewable resources or contain tree-free fibers.

WATER CONSERVATION

You can conserve water and increase hygiene with no-touch restroom accessories, and you can also clean using products and processes that use less water.

WAXIE offers solutions to conserve water and increase hygiene in the restroom including automatic faucets and flushers, as well as waterfree urinals. In addition, check out the Watermiser® Waterbroom and Custom Flow Control Valves for practical solutions that also save water.

RECYCLING

You can divert waste from the landfills with a recycling program for paper, plastic and glass, as well as light bulbs and batteries. Then “close the circle” by purchasing items with post-consumer recycled content. You can also look into composting materials that are eligible, like food and landscape waste.

Reduce, Reuse, Recycle!

WAXIE offers recycling containers for recycling programs, including the MDSS Mercury Disposal System for light bulbs and batteries. In addition, check out the Bio-Tuf® Compostable Liners for waste that can be composted.

At this time, there is no standard for “green” disinfectants. FIFRA (the Federal Insecticide, Fungicide and Rodenticide Act) states that any product making disinfesting or sanitizing claims against living organisms on inanimate surfaces is defined as a pesticide, and must be registered with the EPA. The EPA reviews the product label for each disinfectant to ensure compliance with labeling requirements, and at the time of this writing has not allowed any disinfectant to make any claims of environmental preferability. In the future, a partnership between the EPA, in conjunction with the agency’s Design for the Environment (DfE) program, and the Office of Pesticide Program (OPP) will conduct a pilot to evaluate a policy change that would allow hard-surface disinfectants and sanitizers to attain environmentally preferable claims. In the meantime, appropriate and limited use of disinfectants on an as-needed basis is a good general rule of thumb to consider when using disinfectants in a green cleaning program. Since all sanitizers and sanitizers are designed to kill (they have toxic properties and are listed as pesticides) care should be taken when determining the appropriate amount of disinfectant to use and the appropriate setting in which to use it. Other characteristics to consider when choosing a disinfectant or sanitizer include selecting options with lower VOC content and which are packaged in concentrates to minimize packaging waste.

WAXIE offers disinfectants and sanitizers that can complement a green cleaning program. Take appropriate care when selecting and using all disinfectants. As an alternative, a commercial cleaning system uses steam to clean and sanitize.
ENERGY CONSERVATION

Replace incandescent bulbs with energy saving compact fluorescent light bulbs and consider converting your night time lighting operations to Day Cleaning to reduce energy usage.

WAXIE offers energy saving compact fluorescent light bulbs and can assist in providing information on implementing Day Cleaning in your facility to conserve energy.

PRODUCT PACKAGING

There is an increasing interest in using less material and optimizing the use of recycled content in packaging as more and more organizations look for green cleaning supplies to use in their low environmental impact cleaning programs.

Items to consider include overall source reduction, recycled content in corrugated boxes, recycled plastic in product containers, and the ability to recycle all these materials once they have been used.

WAXIE has several cleaning product options that use less packaging than other industry alternatives, and that are packaged in containers and boxes that are made from post-consumer recycled materials which are themselves recyclable.

ENVIRONMENTAL MANAGEMENT SYSTEMS

An Environmental Management System (EMS) is a systematic way of incorporating environmental values into all building related operations, which ultimately results in improved environmental, financial and operational performance.

WAXIE offers GPS Green Partner Support for customers looking to integrate green cleaning into an Environmental Management System (EMS).

SUSTAINABLE FORESTRY INITIATIVE (SFI)

SFI is a fully independent, charitable organization dedicated to promoting sustainable forest management. The SFI forest certification standard is based on principles that promote sustainable forest management, including measures to protect water quality, biodiversity, wildlife habitat, species at risk, and forests with exceptional conservation value. The SFI chain-of-custody certification is an accounting system that tracks fiber content through production and manufacturing to the end product. Companies can make claims about how much of their product comes from certified lands, how much contains recycled content, and how much is non-certified/non-controversial forest content. SFI labels are recognized globally and provide a visual cue to help customers source responsibly managed forest products. For more information, visit www.sfi.org.

WAXIE offers several cleaning products which have been packaged in corrugated boxes provided by independently certified Sustainable Forestry Initiative (SFI) corrugated supplier.
Develop a Customized Green Cleaning Policy
Implement a High Performance Cleaning Program

Green Cleaning Team Worksheet
- Use to identify "Green Cleaning Team"
- Use to establish customer goals so appropriate green cleaning recommendations can be made
- Use to frame conversation of initial meeting regarding green cleaning
- Use to schedule appointment to conduct Green Cleaning Site Survey

Green Cleaning Site Survey
- Use to frame questions on facility walk through
- Use for notes on general cleanliness of facility, current cleaning methods and current products
- Use to identify applicable LEED® for Existing Buildings: Operations & Maintenance (EB:OM) Green Building Rating System credits where WAXIE can help
- Use as quick glance LEED checklist for green cleaning credits

Green Cleaning Product Survey
- Use to frame product recommendations after Green Cleaning Site Survey
- Use to identify current products and cleaning applications
- Use to recommend green cleaning product alternatives
- Use to identify green cleaning certification or attribute of the recommended product

Green Cleaning Training Log
- Use to identify green cleaning training opportunities
- Use to keep track of customer employees who have been trained on green cleaning topics
- Use to reinforce the idea of continuous improvement in green cleaning program

Sustainable Cleaning Product Worksheet
- Use to identify green cleaning product purchases as well as total spend
- Use to measure the percentage of "green spend" each month (can also be used for specific LEED calculation)
- Drop down menu to identify green product certification or attribute
- Information from each month rolls up to dashboard that shows year to date green spend percentage
Partner with WAXIE to implement and communicate low environmental impact cleaning policy and training. Commit to continued improvement in your maintenance operation, implement an Environmental Management System (EMS) and pursue LEED® certification for your building. Start with a Green Cleaning Site Survey from WAXIE.

**web@work**

**online ordering and account management**

WAXIE web@work provides you with online access to the information that makes ordering your cleaning supplies and managing your cleaning supply account easier. In addition to providing MSDS and real-time product availability and order status, the online catalog also highlights your environmentally preferable product selections. Contact your WAXIE Sanitary Maintenance Consultant for additional information.

**GPS® Suite of Tools**

Develop a Customized Green Cleaning Policy
Implement a High Performance Cleaning Program

Contact your WAXIE Sanitary Maintenance Consultant to complete a custom Green Cleaning Consultation that includes:
- Green Cleaning Team Worksheet
- Green Cleaning Site Survey
- Green Cleaning Product Survey
- Green Cleaning Training Log
- Sustainable Cleaning Product Worksheet
- Custodial Effectiveness Assessment...and more
Day Cleaning Consultation

Save energy by converting your night-time cleaning activities to the day. Day Cleaning is not merely night-cleaning done during the day — by using the latest cleaning technology, many cleaning jobs can be performed during the day. Contact your local WAXIE Sanitary Maintenance Consultant for additional information.

WAXIEapps™

WAXIEapps are consultative software tools designed to help WAXIE’s Sanitary Maintenance Consultants identify the most efficient and cost-effective cleaning solutions for their customers’ facilities. By using WAXIEapps to analyze a cleaning operation, WAXIE Consultants can make recommendations that will save labor, materials and money. Contact your local Sanitary Maintenance Consultant for additional information.

WAXIEapps are professional software tools focused on the cleaning labor bottom line.

LEED® Accredited Professional Consultation

WAXIE Sanitary Supply has LEED Accredited Professionals on staff to assist you with the credits associated with cleaning and maintaining your facility. If you are pursuing LEED certification for your facility, our LEED APs understand the process and can provide assistance. Low Environmental Impact Cleaning Policy, Sustainable Cleaning Products & Materials, Low Environmental Impact Cleaning Equipment Policy, and Green Cleaning are all topics for which WAXIE can provide assistance. Contact your local WAXIE Sanitary Maintenance Consultant for additional information.

Cleaning Buildings Consumes: |
| • 5 billion pounds of chemicals annually |
| • 4.5 billion pounds of paper annually |
| • 36 billion trash cans annually |
| • 20 million vacuum cleaners annually |
| What You Can Do: |
| • Choose chemicals that are safer for human health and the environment, packaged in concentrate and mixed in portion controlled dilution control dispensing systems |
| • Choose paper products and trash cans that offer source reduction and post-consumer recycled content |
| • Choose high-quality vacuum cleaners that are built to last longer and contribute to improved indoor air quality |

**green cleaning benefits**

**Green Cleaning Benefits for Schools:**
• Contribute to improved student health
• Contribute to higher attendance
• Contribute to better academic performance
• Contribute to improved employee health
• Contribute to better morale for students and staff
• Contribute to longer life for school's carpet, computers, furnishings and other components
• Contribute to improved community image

**Green Cleaning Benefits for Building Service Contractors:**
• Contribute to safer working conditions for employees
• Contribute to improved staff attendance and productivity
• Contribute to better employee morale, recruitment and retention
• Contribute to competitive marketing advantage to earn new customers
• Contribute to more streamlined operations
• Contribute to protecting public health

**Green Cleaning Benefits for Commercial Buildings:**
• Contribute to increased tenant retention
• Contribute to fewer complaints
• Contribute to increased ability to attract new tenants
• Contribute to green building certification
• Contribute to higher resale value
• Contribute to enhanced public image

**Green Cleaning Benefits for Government Facilities:**
• Contribute to improved employee health
• Contribute to increased productivity and performance
• Contribute to lower healthcare and operating costs
• Contribute to better management of tax dollars
• Contribute to compliance with government executive orders
• Contribute to extended building life
• Contribute to better public image

**Green Cleaning Benefits for Healthcare Facilities:**
• Contribute to improved health for staff and patients
• Contribute to improved staff attendance and productivity
• Contribute to lower healthcare, insurance and operating costs
• Contribute to extended life for the facility and equipment
• Contribute to better public image

**Green Cleaning Benefits for Lodging Facilities:**
• Contribute to healthier indoor environment for guests and employees
• Contribute to reduced environmental impacts
• Contribute to extended life for the facility
• Contribute to better marketing
• Contribute to enhanced public image
The WAXIE GPS Program is illustrated below and will be available to any NCPA contract user purchasing from WAXIE Sanitary Supply.

User Instructions for GPS Suite of Sales Tool

1. Green Cleaning Team Worksheet
2. Green Cleaning Site Survey
3. Green Cleaning Product Survey
4. Green Cleaning Training Log
5. Sustainable Cleaning Product Activity Spend Calculator
GREEN CLEANING
TEAM WORKSHEET

1. Either print out hard copy of worksheet for the appointment so you can take notes with a pen, or you can open the document on your tablet while with the customer and then use your stylus to make notes on top of the worksheet — you can then save the document and these annotated notes.

2. Identify “Green Team Members” for the customer — some recommendations of individuals you should consider for the team are listed on the worksheet.

3. Use the printed questions to direct the conversation toward identifying what the customer’s goals are for a green cleaning program — some customers will want to pursue LEED certification, but the majority will probably have some other definition of “green.” Knowing what the customer’s goals are will make it easier for you to know what to recommend.

4. Use the worksheet to identify milestones, establish roles and set timelines for green cleaning program implementation.

5. Ask for an opportunity to conduct a Green Cleaning Site Survey.

6. The worksheet is designed so that if you open it with Adobe Standard or Adobe Professional you can type in the fields of the document and save what you have written — if you open the worksheet with Adobe Reader you can write in the fields and print the document but you can’t save what you have written.
GREEN CLEANING
SITE SURVEY

1. Either print out hard copy of worksheet for the appointment so you can take notes with a pen, or you can open the document on your tablet while with the customer and then use your stylus to make notes on top of the worksheet – you can then save the document and these annotated notes.

2. The survey is intended to provide a platform to learn more about how the customer is currently cleaning their facility.

3. Start by showing the customer the entire scope of the site survey so you can plan the best way to proceed through the survey. For the purposes of the instructions, it will be assumed that you will follow the survey from beginning to end, but you might skip around or skip over certain sections depending on the facility you are surveying and the specific circumstances you encounter.

4. Make sure to also show the customer the building-out-away with the eight steps and describe how you will be taking a whole building approach to recommending green cleaning solutions.

5. Make sure to familiarize yourself with the questions on the survey – there are several areas that are tailored to allow you the opportunity to recommend solutions like dilution control chemical systems, roll towel systems, foam soap, waterfree urinals, flow control valves and Water miser waterbrooks, etc.

6. Use the “radio buttons” within each section to mark “Checked” or “Needs Attention”, and use the space marked “Action Steps/Notes” to make recommendations.

7. Each section also identifies opportunities (marked with a blue asterisk) to contribute to a LEED for Existing Buildings: Operations & Maintenance project if applicable, with Section H serving as a checklist for credits for which we can potentially assist.

8. Do not send blank copies of the survey to customers – the tool is only valuable if you use it as a consultant to make recommendations.

9. Ideally you will want to sit down with the customer to go over both the site survey and product survey at the same time.
1. Once a site survey has been completed, use the product survey to make recommendations.

2. Enter information on the current product and how it is being used in the “Current Product” and “Application” fields.

3. Enter information on the green cleaning products you will be recommending in the “Green Product Replacement” section, and the reason why (like Green Seal certification, or contains recycled content, or made from rapidly renewable materials, or saves water, etc.) in the “Green Product Certification or Attribute” section.

4. Check out the cool calendar drop down menu when entering the date!

5. Ideally you will want to sit down with the customer to go over both the site survey and product survey at the same time.
GREEN CLEANING

STAFF TRAINING LOG

1. Use this form to keep track of the training you do to assist the customer implement the green cleaning program. The form can also be used by the customer to keep track of their own internal trainings.

2. Check out the cool calendar drop down menu when entering the date!

3. Identify the topic covered by the training.

4. Type in attendee name and title, and then have the attendee sign in the "Signature" box.
SUSTAINABLE CLEANING
PRODUCT ACTIVITY SPEND CALCULATOR

1. Use this form to keep track of the purchases of cleaning chemicals, sanitary paper products, trash liners and hand soaps. This worksheet will help identify the percentage of green product spend, and will be very helpful for customers pursuing LEED-EB:O&M certification for their building.

2. First tab in the “Dashboard” – type in the project name and your name and contact information. This is all the information you will need to type for this page – everything else will be loaded in from other tabs on the spreadsheet.

3. Enter monthly usage information in each of the appropriate tabs – Total Spend will be auto calculated.

4. Note the drop down menu for the column “Sustainable Product? Yes/No” – a “Yes” answer will populate the information in the “Total Sustainable Product Spend” column on the far right.

5. Note the drop down menu for the column “Sustainability Criteria” – these criteria come from the LEED rating system for each product category.

6. Once the information is completed, usage amount will be auto calculated on the page for total spend and total sustainable spend.

7. This information will also auto calculate back to the Dashboard for each month and will produce a bar graph comparing total spend to total sustainable spend.

Vendor Certifications (if applicable)

☑️ Provide a copy of all current licenses, registrations and certifications issued by federal, state and local agencies, and any other licenses, registrations or certifications from any other governmental entity with jurisdiction, allowing respondent to perform the covered services including, but not limited to, licenses, registrations, or certifications. Certifications can include M/WBE, HUB, and manufacturer certifications for sales and service.

A copy of the California certificate is below following the list of States and Numbers.

Respondent shall perform and provide these products and/or services under the terms of this agreement. The supplier shall assist the end user with making a determination of their individual needs.

The following is a list of suggested (but not limited to) Janitorial Supplies, Equipment, Maintenance & Repair categories. List all categories along with manufacturer that you are responding with:

A. Product Requirements:

1. Products: A complete and comprehensive line of quality made janitorial and sanitation supplies to support the daily maintenance and operation functions of the agency. The categories include, but are not limited to the following:

   a. Dilution Control- Dilution control chemicals and delivery systems ranging from hand-held to wall-mounted systems.

   b. GREEN Products- Products and supplies that meet industry recognized certified GREEN standards from independent third-party certifications like EcoLogo and GREEN Seal.

   c. Industrial Paper and Dispensers- Includes sanitary paper towels, toilet tissue, wipers, and proprietary and universal product dispensers.

   d. Hard Floor Care- Products and supplies to care for flooring including wood, stone, concrete, and resilient flooring. Products include cleaners, strippers, finishes, sealers, restorers, sweeps, absorbents, mats, pads, doodlebugs, bonnets, brooms, brushes, handles, buckets, wringers, dust pans, mops, and squeegees.

   e. Carpet Care- Products and supplies such as pre-sprays, shampoo, spotters, cleaners, post treatments for carpet and upholstery.

   f. Restroom Care- Products and supplies including cleaners, brushes, deodorants, proprietary and universal dispensers, sanitizers, disinfectants, skin care and feminine products.

   g. Waste Receptacles and Liners- Products and supplies for the collection and disposal of waste.

   h. Machines and Accessories- Janitorial equipment such as auto scrubbers, floor machines, burnishes, extractors, vacuums, dryers, sweepers, steam cleaners, and associated supplies and accessories.

   i. Laundry and Kitchen- Products and supplies specific to laundry and kitchen care.

   j. Industrial Tools & Supplies- Tools, supplies and accessories to support cleaning activities including janitor carts, dusters, window cleaners, brushes, spray bottles, squeegees and gloves.
k. Other Categories—Products, supplies, and equipment not offered in a category listed above.

A. Waxie is offering 4088 products, 2,155 national Products, 1,933 regional products, 423 Green Products, and 1,105 products from disadvantaged business vendors. WAXIE Sanitary Supply is offering nearly all of the products we supply to NCPA members. There are a few restricted items, particularly those that have extraordinary delivery requirements. Our NCPA price list is derived from our published WAXIE Sanitary Supply October 2012 Price List. WAXIE Sanitary Supply utilizes MSRP for all manufacturers that publish prices and WAXIE Sanitary Supply list prices for our own brands and those manufacturers that do not publish MSRP.

All products are listed in Waxie NCPA Proposed Price list in Tab 7

B. Service Requirements:

1. Services: NCPA is interested in evaluating the following categories of value-add services for inclusion in this contract. The categories include, but are not limited to the following.

   a. Small Business Program: The ability to incorporate small business enterprise into your distribution, sales, services, and product offerings. The program should focus on increasing opportunities for small local businesses under this contract. At a minimum, it should establish how business will be directed to small local businesses, establish any unique product or service offerings and develop small businesses as second-tier suppliers.

      First Tier subcontractors will be identified in each market and will include the following federal categories, Small Business, Minority Owned Business, Service Related Disabled Veteran Owned Business, Veteran Owned Business, Women Owned Business, and Hubzone located business.

      WAXIE currently has several dozen firms capable of providing order logistics and invoicing for any of our public sector clients. A complete list of participating small and disadvantaged business subcontractors will be provided upon award.

   b. Consulting Services—Examples include inventory solutions, emergency preparedness programs, eCommerce and safety services.

      Consulting services will be provided in the following areas:
      a. Cleaning Chemical use and care provided through WAXIE Chemical Specialist and manufacturers’ representative.
      b. Equipment operation and maintenance provided through WAXIE Equipment Specialist and manufacturers’ representative.
      c. Training and Education will be provided through WAXIE Sanitary Supply’s monthly seminars at each of our location, through online webinar and at the customer’s location. Product and other training services are conducted according to the customer’s needs including off hours and weekends as necessary.
      d. Software punch out is available and WAXIE Sanitary Supply can integrate with any system. WAXIE can provide a long list of customers and integrators that we are successfully connected to via punch out.
      e. GREEN Sustainability Program (See Following)
GREEN PARTNER SUPPORT™

Green Cleaning Technology with an Environmental Conscience
GUIDES YOU ON THE PATH TO MORE SUSTAINABLE CLEANING SOLUTIONS

1. CLEANING CHEMICALS
   Start with low environmental impact cleaning chemicals and hydrono meats, including third-party certified (e.g. Green Seal, Ecologo, Scientific Certification Systems) and bio-based chemicals, and other products with a more environmentally preferable profile (e.g. EPA ETV).

2. CLEANING TOOLS & EQUIPMENT
   Utilize low environmental impact cleaning tools and equipment, including vacuum cleaners and carpet extraction certified by the Carpet & Rug Institute, microfiber technology, and much more.

3. ENTRANCEWAY MATING SYSTEMS AND BUILDING SITE MAINTENANCE
   Reduce the amount of soiling entering the building and develop cleaning strategies to maintain your entranceways as well as exterior buildings.

4. RECYCLING
   Direct waste from landfills with a recycling program for paper, plastic, and glass, as well as light bulbs and batteries.

5. SANITARY PAPER PRODUCTS & TRASH LINERS
   Promote source reduction and use products that are third-party certified (e.g. Green Seal, Ecologo, Scientific Certification Systems) with ENSA guidance for post-consumer recycled content, or derived from rapidly renewable resources.

6. STEWARDSHIP & CONTINUOUS IMPROVEMENT
   Partner with WAXIE to implement and communicate low environmental impact cleaning policy and training. Commit to continual improvement in your maintenance operation, implement an Environmental Management System (EMS) and pursue LEED certification for your building. Start with a Green Cleaning Site Survey from WAXIE.

7. WORKPLACE WELLNESS
   Fight the spread of germs in your workplace through hand washing and use of hand sanitizers.

8. WATER EFFICIENT FIXTURES & ACCESSORIES
   Conserve water and increase hygiene with no-touch restroom accessories.
Sustainable Cleaning Solutions Focused on Your Triple Bottom Line

People  Planet  Profit

Promote safer & healthier work environments
Reduce environmental impacts
Increase workplace wellness and productivity

WAXIE’s Green Partner Support™ (GPS™)
- WAXIE’s comprehensive approach to cleaning green
- Low environmental impact cleaning products, tools, equipment and training
- Contributes credits for your LEED® project
- Effective cleaning that protects health without harming the environment

WAXIE-Green
- WAXIE private label line that contributes to an effective green cleaning program
- High quality products that incorporate the latest green cleaning technology
- Third party certifications identified where applicable
- Reduce potential impacts on human health as well as the environment
- Compelling combination of performance, price, health and safety

WAXIE Sanitary Supply
- Inventory centers and showrooms located throughout the Western United States
- LEED® Accredited Professionals
- WAXIE’s Web@Work - offers real-time account management and e-commerce tool
- Serving the customer is the focus of everything we do

Member:

Printed on 100% recycled chlorine free paper that exceeds EPA guidelines for post-consumer recycled content.
f. Repair Services: WAXIE Sanitary Supply is offering repair services at a 10% discount for service and parts to NCPA members using WAXIE Sanitary Supply’s repair services. Outside of our geography NCPA members can utilize Nilfisk Advance or USA Cleans national repair services. We are negotiating discounts from both of these partners for NCPA.

g. Customer Support:
   i. Replacements or substitutions of product will not be made without the express written consent of the customer and we will only substitute a superior product. Customer may chose to purchase any product of their choice if sufficient inventory is not available and WAXIE will provide a list of available alternatives.
   ii. Returns: See Tab 8 for Return Policy
   iii. Restocking charges for stock items are waived for thirty days for contract customers. After thirty days a 10% restocking charge will be assessed for stock items. Transportation charges outside WAXIE or our subcontractor’s normal delivery area are the responsibility of the customer.
   iv. Order tracing is available through our web@work system.
   v. Technical Feedback regarding system functions is available during normal work hours through our customer service department and the online help desk our Information Technology department operates.
   vi. Quality Assurance for service is available to NCPA and major contract users through the WAXIE online metrics dashboard. Sales, Service Level, Fill Rate, GREEN Spend, Disadvantaged Business spend, Order Source and other important operational statistics are update each day and available online at all times.
   vii. Drop Shipments will be discounted on a case by case basis, according to any additional savings negotiated for large orders from our manufacturers as well as the relevant freight costs. Drop shipments will be recommended wherever there is an opportunity to NCPA customers to achieve additional savings.

h. Sourcing: WAXIE Sanitary Supply has a corporate and local purchasing division and we are capable of sourcing non catalog and special order items from approved vendors.

i. Other Services and Programs

c. Training & Education– The ability to provide on-site and/or online training and educational programs/seminars as well as providing technical product knowledge and support in English and in Spanish.

Training on products, processes, technologies, and materials management are incorporated into all of our spend management programs. Our intention with this vast array of seminars and training is not only to reduce the total cost of ownership (TCO) for our customers, but also manage risk as improvements to products and processes are developed. Ensuring a safe and cost effective janitorial solution is paramount for us at WAXIE. Our training programs include onsite training, seminars at our various company locations which are 2-4 hours each, as well as various pieces of literature. All training classes and materials are available in both English and Spanish. Our literature includes brochures, job cards and on the job training for cleaning procedures as well as CD’S which also demonstrate our programs. In some locations there are classroom courses which have been accredited by local colleges. We are currently in the process of developing E-Learning as a development tool as well. All training is offered free of charge to WAXIE customers. Custodial training is conducted by WAXIE Sales Consultants, Chemical and Machine Specialists as well as by our vendor partners. We have a full complement of training available to meet all customer training needs including procedures, products and solutions. For Web@work customers we offer both onsite and WebEx training in how to order online using our custom.
Professional Seminar Series

WAXIE Sanitary Supply through our various public and private sector contract is constantly working with customers to change to more efficient products, cleaning processes and procurement practices. In order to be effective we provide several different training modalities to our contract customers, beginning with our monthly seminar series.

Onsite Product Training

Onsite training is available to all customers for any and all products they purchase from WAXIE. Training is routinely performed on an around the clock basis in order to meet the facility requirements of our clients. WAXIE utilizes product training specialists for chemicals, hand care and equipment to provide specialized training to contract customers. In addition WAXIE utilizes manufacturer’s representatives for specialized product training. WAXIE will provide seminar programs to individual clients to help those clients meet their internal training requirements as well. This type of customer specific training has been done for many clients including the City of Tempe during a period when the City needed to cross train various maintenance departments on cleaning procedures, OSHA requirements and Customer Service Responsibilities. Projects like this provide WAXIE Sanitary Supply with opportunities to create client specific training modules and we encourage end users to challenge us in this area.

WAXIE Sanitary Supply provides outside customer service representation to all contract customers for the purposes of demonstrating new products, providing training on all products and providing samples of more efficient and GREEN products. This is especially useful since many of the chemical products and equipment are new and sophisticated WAXIE Sanitary Supply employees are Chemical and Equipment Specialists. Our specialists provide product demonstration and training wherever necessary. This includes everything from how dispensing systems work and their safe operation to completely training a school districts staff on all aspects of cleaning and maintenance. Many schools take advantage of this during the summer to meet all of their annual training requirements.

WAXIE Sanitary Supply public sector sellers are also being certified to sell to the public sector and education facilities. That program will be updated to include the NCPA contract. This will guarantee that any new public sector sales personnel have an in depth understanding of the NCPA contract and its position as our lead offering to public sector entities. WAXIE Sanitary Supply will provide the same training and certification to our fulfillment agent’s sales force to assure they are fully competent to present the NCPA contract whenever called upon. WAXIE Sanitary Supply will provide field support for large projects as necessary to drive inclusion of NCPA members.

a. WAXIE will provide onsite training for product use, equipment operation, and cleaning techniques to any customer purchasing their janitorial supplies and equipment through the NCPA contract from WAXIE.

b. Training can be customized to meet the customer’s requirements for content and schedule. Our customers operate 24/7/365 and we provide training when the employees are present including nights and weekends.

c. WAXIE offers seminars at all of our locations open to all customers. These seminars provide in depth information on a variety of cleaning topics and related areas. A current sample schedule can be found at http://info.WAXIE.com/events/WAXIE-arizona-events/

d. Additional training is offered though our use of dedicated Chemical Specialists and Equipment Specialists at each location. These experts can provide training at customer locations on topics related to cleaning, safety, equipment operation and equipment repair.

Our company trainers

Training can be accomplished in a variety of methods. Hands-on classroom training is available at either the WAXIE San Diego location or the customer’s site. Alternate training methods include webinar classes and self-study tutorials on the WAXIE website. Training materials can be provided in either electronic or print
Manufacturer Support

WAXIE Sanitary Supply is proud to partner with many of the leading manufacturing companies in the world. They include Kimberly Clark, Georgia Pacific, JohnsonDiversey, Gojo, Heritage Bag, Rubbermaid and Nilfisk/Advance. All of these leading companies employ manufacturer representatives who are eager to assist in the training of NCPA personnel who will be using their products. In addition, the chemical companies provide 1-800 technical assistance hot lines to help in proper chemical handling and usage. WAXIE’s Lead Sales Consultant will work with all NCPA management to ensure training is scheduled on all paper, chemical and equipment.

In an industry where supply costs account for only 5 to 10 percent of total cleaning budgets, and labor costs represent 90 to 95 percent, the importance of properly trained personnel becomes very apparent. We understand this and have committed substantial resources to the development of our people as well as the responsibility to provide this value-added service to our customers. While we are not aware of all the service needs within your facilities, we make the commitment to design (with your input) and provide in-service training that allows people to move forward. Our goal is to make your people more effective. We are confident in our ability to maximize your staff’s efficiency, with the support of our training staff, our team of Sales Managers and Sales Consultants.

We offer training and seminars in areas such as:

- Bloodborne Pathogen Cleanup
- Carpet Care
- Cleaning Chemistry 101
- Cost Saving Site Survey
- Employee “Right-to-Know” Law
- Equipment Training
- “GREEN” & Environmentally Friendly Product Overview
- Hard Floor Care
- How to Read an MSDS
- “LEED” Overview
- OSHA Regulations
- Patient Room Cleaning
- SB892 Regulatory Compliance
- Software for Cleaning Management
- Team Cleaning Concept
- Washroom Care

These seminars are conducted by WAXIE personnel and our manufacturers’ representatives, and can be conducted in any our locations or within your facilities.

- Dedicated Training and Development team in WAXIE offices that can be deployed to your facility to support a variety of training needs--topics determined by WAXIE and the NCPA mutually.
- WAXIE Equipment and Chemical Specialists – Dedicated staff members to support, train and consult on cleaning procedures and efficiencies.
- Healthy High Performance Cleaning Program (HPPC) – The most comprehensive training and education program for staff that incorporates on the job training tools to support your GREEN cleaning procedures. Includes job performance checklists, HHPC procedures and training posters. Onsite training from HHPC professional.

Software Punch Out: The capability of your electronic ordering system to interface with an agency’s invention software system such as Oracle Synergen inventory system.

WAXIE has many customers using Punchout. Our Punchout customers vary greatly in spend and order frequency range and its typical that all of a Punchout customer’s order volume with go through Punchout and in some cases our customers have asked us to disable their user’s web ID’s once the customer has moved to a Punchout ordering platform. One of our larger Punchout customers is The San Diego Unified School District with sales of $3,307,216 and 5,284 orders processed through Punchout in the last 18months. For the same time period the University of California sites in Davis, Irvine, Hastings, San Diego, Berkeley and Santa Barbara had Punchout sales of $2,338,101 or 6,946 orders.
WAXIE’s Punchout capabilities authenticate at the customer’s ship-to level and provide real time pricing and item availability for each customer ship-to location. Punchout customers are automatically signed into their catalog through the Punchout setup request and see their specific pricing. Punchout customers are also able to set up customized shopping lists, view previous orders and copy their previous orders into the current shopping cart for easy ordering. The functionality of WAXIE’s Punchout system is a mirror image of our existing online ordering website with the exception of returning each individual Punchout shopping cart to the customer’s backend system. Once the shopping cart is sent to the customer’s system, it is deleted from WAXIE’s system as it goes through the requisition and approval process within our customer’s backend system. Once a requisition is approved and turned into a Purchase Order, it will be sent electronically (XML, OCI, etc) to WAXIE’s system at which time it will be converted to an order and sent to one of WAXIE’s warehouses for picking.

WAXIE Sanitary Supply has full summary billing capabilities and the ability to invoice multiple departments. WAXIE’s billing system is indeed flexible enough to meet the needs of NCPA’s accounting system. WAXIE Sanitary Supply will provide required technical assistance during our normal hours of operation.

e. GREEN/Sustainability Program: WAXIE’s Corporate Environmental Stewardship Statement follows:
Commitment to Sustainability

WAXIE Sanitary Supply is committed to being a leader to promote responsible business practices that support sustainable communities that are secure, economically prosperous, environmentally responsible and healthy places in which to live and work.

Sustainability has emerged as a global theme of the 21st century - it is a concept that balances the interconnectedness of the environment, the economy and our quality of life, and that recognizes the importance of our stewardship over each. WAXIE shares the goal of establishing partnerships to advance education, communication, business best practices, policies, research, technologies and programs to support a more sustainable region for all generations.

WAXIE’s commitment to sustainability in general, and green cleaning (or effective cleaning that protects human health without harming the environment) in particular is demonstrated by a number of actions, including:

- **WAXIE is a member of the US Green Building Council (USGBC)** - with two (2) company buildings earning LEED Silver certification
- **WAXIE San Diego Headquarters and Inventory Center earned Energy Star certification**
- **WAXIE Santa Ana Inventory Center installed solar panels**
- A WAXIE employee sits on the Board of Directors for the San Diego chapter of USGBC, and serves as the chapter’s immediate Past President and point of contact for LEED EBOM
- Ten (10) WAXIE employees are LEED® Accredited Professionals and three (3) are LEED GA
- Thirty-one (31) WAXIE employees are CI MS-GB ISSA Certification Experts
- WAXIE is a charter signatory of the San Diego Regional Sustainability Partnership (www.sdrsp.org)
- WAXIE has a broad selection of environmentally preferable products (including numerous WAXIE private labeled cleaning products) that have received certifications from Green Seal, EcoLogo and Scientific Certification Systems, or have been formulated in partnership with EPA Design for the Environment (DfE).
- WAXIE has developed Green Partner Support™ (GPS®) to assist green-committed end-user customers implement more effective green cleaning programs
- WAXIE was on Technical Committees for development of ISSA Cleaning Industry Management Standard (CIMS and CIMS-GB), and a participating stakeholder in the Standard Development Team for the Green Seal “Green Cleaning Services Standard” (GS-42) and revision of Industrial and Institutional Cleaners (GS-37)
- WAXIE has conducted numerous “Green Cleaning Seminars” at WAXIE branches in San Diego, Santa Ana, Ontario, Los Angeles, Palm Springs, San Francisco, Tempe, Tucson, Las Vegas, Salt Lake City, Portland, Seattle, Colorado Springs and Denver
- WAXIE representatives have been asked to speak at functions for organizations such as USGBC, BOMA, IFMA, PABSCO, ISSA, SCSSA, SDEP, HPSI and CURB on the subjects of green cleaning, LEED or sustainability
- WAXIE consultants have assisted with green cleaning needs of several LEED projects
- WAXIE Desk Calendars and Product Catalogs and product literature printed with post-consumer recycled content using soy based inks; Green section of catalog and website developed to provide customer education and promote green purchasing
- Sponsor and host for LEED for Existing Buildings Technical Review Workshops and other LEED EBOM Educational Series in partnership with USGBC chapter
- Delivery routes planned with routing software that minimizes travel time, resulting in less fuel consumption and vehicle emissions - also pilot in place for CNG and hybrid delivery trucks for some routes to further decrease fuel consumption and vehicle emissions
- Recycling and waste diversion program for corrugated, shrink wrap and pallets, as well as other ongoing consumables, durable goods and facility alterations
- Green Cleaning Policy, Recycling Policy, and water conserving devices installed in restrooms
- Video conferencing technology utilized to decrease need for face-to-face meetings
- Web@work e-commerce platform and eInvoicing promoted to minimize paper usage
- RFP technology utilized for inventory control to minimize paper usage
1. Policies: Efforts and policies pertaining to GREEN and sustainability.

a. All new WAXIE Sanitary supply Inventory Centers will be at a minimum LEED Silver certified. WAXIE has two LEED silver certified warehouses in Mesa, AZ and Salt Lake City, UT, and a LEED EBOM process going on at our Livermore, CA facility.

b. Working with our truck leasing partner Penske WAXIE has introduced CNG trucks at our Santa Ana, CA facility and will be adding trucks as they become available in locations where CNG filling capacity is also available.

c. WAXIE has invested in education with 12 LEED Accredited Professionals on staff and 36 CIMS Certified Professionals. There is a continuing process in each market sector to bring sales staff accreditation from these two organizations.

A. WAXIE will assess all product utilization system wide and each individual agency or contract user.

B. WAXIE will introduce the most efficient product, cleaning process and procurement program to each and every contract customers.

C. WAXIE will provide strong financial incentives for customers to make the changes necessary to maximize their savings and minimize the impact on the environment of all aspects of their cleaning and building maintenance operations.

D. WAXIE uses the methodology shown below to assess the customer activities that have the highest impact on the environment.

WAXIE utilizes very narrow aisle warehouse technology as well as a state of the art delivery routing system to reduce the overall cost of operations and the impact on the environment. We are introducing CNG fueled vehicles and look forward to converting as much of our fleet as possible.

4. Certifications: The Industry recognized certifications and standards obtained and those represented through its catalog of products.

WAXIE Sanitary Supply distributes several hundred different products which have earned certifications from such standards as those from UL Environment/EcoLogo, Green Seal, EPA Design for the Environment (DfE), Scientific Certification Systems (SCS), Forest Stewardship Council (FSC), Clean Air Choice – Cleaners (CACC) certification from the South Coast Air Quality Management District (SQAMD), Carpet & Rug Institute (CRI) Seal of Approval (SOA) and Green Label, as well as products which meet the EPA Comprehensive Procurement Guidelines for post-consumer recycled content, among others. A full list of these products and their certifications is available upon request.

WAXIE PHOENIX, ARIZONA - LEED SILVER
WAXIE SALT LAKE CITY, UTAH - LEED SILVER
Because WAXIE realizes that keeping equipment in peak condition is necessary for efficient operations, we employ a fully staffed equipment service center. This center performs in-house and onsite equipment repair. In addition, to prevent productivity loss, which can lead to higher overall cost and lower building appearance, WAXIE’s service center offers preventative maintenance programs. These programs are aimed at keeping the contract user’s equipment operating without interruption.

WAXIE employs a Machine Specialist at all major inventory centers. Machine Specialists are available for onsite consultation for any State Contract customer. In addition to field diagnosis and trouble-shooting, machine specialist provide initial training for new equipment. Machine Specialists also provide equipment maintenance seminars as part of monthly seminar series at each location. In 2012 the Equipment Repair, Maintenance and Operation seminar will be given twice in Phoenix and twice in Tucson.

Mesa Arizona Service Center Staff

- Arizona Service Center(s) Phoenix and Tucson
  - Bill Rhoades Service Center Manager
  - Tim Lamper, Service Center Coordinator
  - Al Edgar, Equipment Specialist
  - David Walker Service Center Technician Tucson
  - Audie Tucillo, Service Center Technician Mesa
  - Kurt Mueller, Service Center Technician Mesa
  - Eustacio Padilla, Service Center Technician Mesa

- Nevada Service Center (Las Vegas)
  - Services North Western Arizona, Lake Havasu, Kingman, Bullhead City.

- Southwestern California Service Center (El Centro)
  - Services Yuma and Southeastern Arizona

- Salt Lake City Service Center
  - Services the Four Corners area, and Page. The Parker area is covered out of the WAXIE Inventory Center in Palm Springs.

WAXIE is an authorized repair service station for the following manufacturers:

1. National Super Service (NSS)
2. Windsor Industries
3. Kent by Nilfisk-Advance
4. Nilfisk-Advance
5. Eureka (Sanitaire)
6. Taski
7. Pullman-Holt (White)
8. Alto (Clarke)
9. Castex-Nobles-Tennant-Eagle
10. Amerivap
11. Euroclean
12. Powr-Flite
13. Karcher-Tornado
14. Hydro-Tek Pressure Washers

Parts inventory is kept at approximately $300,000 at our Mesa location.

- Current average turnaround time is 3 days. State Contract users have priority over non-state accounts.
- All repairs are warranted against defects in parts or workmanship for 90 days.
- Charges for State Contract users are $15.00 per quarter hour shop charge, $15.00 per
WAXIE offers rental equipment, if needed, and delivers to any site for $50 each way. WAXIE offers loaner equipment to State Contract users if repair time is lengthy due to parts availability or emergency situations. Rentals and loaner equipment is based upon availability. Onsite or telephone assistance for all equipment issues is available through WAXIE’s Service Center Coordinator, Tim Lamper.

Preventive Maintenance Programs (PM Programs)

PM programs are available to contract users who rely on labor savings generated by having equipment in proper working condition.

Scope of PM: The goal of preventive maintenance is to eliminate down time and prevent costly repairs from occurring. While it is impossible to eliminate any repair, PM service can limit the frequency of costly repairs. During each scheduled PM service, very specific tasks will be completed on each piece of equipment, each detailed on a form to be provided to end-user. Charges for PM service are calculated on an hourly basis. Trip time is added as appropriate.

During each PM service all minor adjustments and repairs will be completed. Charges for repairs beyond the scope of the PM service will be based on time and materials, with the customer’s approval required for work to be completed.

Each account location will be notified of preventive maintenance service calls one week prior to the visit. Flexibility will be exercised at all times with regard to the scheduled service. If during any scheduled service it is determined by the WAXIE service tech that the machine is in need of a more extensive repair than PM service can provide, the contract user will be notified and arrangements will be made for the machine to be repaired.

WAXIE will provide to each contract user a full report following a PM service detailing the condition of and any issues relating to the equipment. If at any time, it is determined that vandalism or purposeful misuse of the equipment is the direct cause of the required repair, WAXIE will immediately notify the contract user for instructions. WAXIE adheres to manufacturer warranties and established exceptions to warranties. All details for PM service will be provided to contract users upon request.

Equipment Warranty

WAXIE is a distributor and not a manufacturer and therefore does not have quality control processes in place for manufacturing. The procedure for WAXIE Brand Products is as follows:

Equipment Warranty’s are provided by all of our equipment vendors as a requirement for doing business with WAXIE Sanitary Supply.

g. Customer Support Services

i. Replacements or substitutions of product will not be made without the express written consent of the customer and we will only substitute a superior product. Customer may chose to purchase any product of their choice if sufficient inventory is not available and Waxie will provide a list of available alternatives.

ii. Returns: Add policy.

iii. Restocking charges for stock items are waived for thirty days for contract customers. After thirty days a 10% restocking charge will be assessed for stock items. Transportation charges outside Waxie or our subcontractors normal delivery area are the responsibility of the customer.

iv. Order tracking is available through our web site and with your customer service representative.
v. Technical Feedback regarding system functions is available during normal work hours through our customer service department and the online help desk our Information Technology department operates.

vi. Quality Assurance for service is available to NCPA and major contract users through the Waxie online metrics dashboard. Sales, Service Level, Fill Rate, Green Spend, Disadvantaged Business spend, Order Source and other important operational statistics are update each day and available online at all times.

vii. Drop Shipments will be discounted on a case by case basis, according to any additional savings negotiated for large orders from our manufacturers as well as the relevant freight costs. Drop shipments will be recommended wherever there is an opportunity to NCPA customers to achieve additional savings.

h. Sourcing: Waxie Sanitary Supply has a corporate and local purchasing division and we are capable of sourcing non catalog and special order items from approved vendors.

i. Other Services and Programs: Waxie has many examples of customized programs for large public sector clients including, custom training content, vendor managed inventory.
Tab 8 – Value Added Products and Services

- Include any additional products and/or services available that vendor currently performs in their normal course of business that is not included in the scope of the solicitation that you think will enhance and add value to this contract for Region 14 ESC and all NCPA participating entities.

GPS Program

LEED Consultants

OTHER Products and Services:

WAXIE can provide each customer with a highly trained outside representative and inside representative familiar with their product usage as well as their facilities needs. Access to inside support is available during normal business hours. Access to outside support is available by appointment. WAXIE’s outside representatives will be making regularly scheduled visits to each customer based on their needs and during these visits these representatives will be seeking out issues to resolve for their customers.

There are no additional costs for these services.

Customers will be able to access WAXIE’s web at work ordering system 24 hours a day to place orders online. In addition to being able to see their contract pricing customers can research product availability and make immediate decisions on substitutes to assure they have the supplies they need.

Normal delivery of products is next business day, for orders placed before 3pm, within WAXIE’s vehicle delivery area unless the customer requests a specific delivery date. WAXIE prides itself on fill rates that exceed 95% on stock items. Outside of WAXIE’s vehicle delivery area in rural areas delivery will be within five business days for stocked contract items.

Special order or non-stock items will be delivered within five days of receipt of product from manufacturer. The only exception is in extremely remote areas of Alaska and Hawaii.

WAXIE can offer fill or kill but our default is to backorder the product and deliver as quickly as possible from any of our inventory centers. If an agency prefers we fill or kill we can program that into their account. Backordered balances of any order, that exceeds stock inventory based on past cyclical order patterns, will be delivered based on the lead time from the manufacturer with next day delivery once the item reaches the WAXIE warehouse. WAXIE will not substitute a product unless we have the express permission of the ordering agency. The substituted product will be sold at the original product’s price and be of equal or higher quality. Only upon written approval will WAXIE ship a substituted product.

Capability of sourcing products from non-catalog suppliers and from line card extensions of catalog Suppliers.

Other value-add services not included in above categories such as installation of chemical and paper product dispensing units.
Inventory Management

WAXIE would provide an inventory management program for the four city storerooms in the following manner: WAXIE employee would routinely visit each city storeroom at weekly or monthly intervals, depending on the needs of the storeroom to assess inventory and order product to pre-established par levels.

The cost for this value added option would be $50 per storeroom management visit. Considering the four city storerooms, that would equate to $800 per month for weekly visits to each of the four storehouses, or $200 per month for monthly visits to each of the four warehouses. Other options will be entertained based on the needs of the individual storerooms outside of these parameters, to be mutually agreed upon between WAXIE and NCPA.

In an effort to aid the city in improving storehouse operational efficiencies, WAXIE would offer our assistance at no charge to NCPA.

Cleaning Cost Analysis Program (CCPS)

WAXIE Sanitary Supply, upon award of a significant portion of the janitorial spend, will furnish the Game Plan Program™/MC for Custodial Workforce Optimization to the NCPA.

The Game Plan™/MC Program is a comprehensive workloading package licensed to use independent area type and task standards developed by APPA (www.appa.org) as well as tasks developed by ISSA (www.issa.com) and leading consultants. In the market for over 15 years, the software is used internationally in more than 400 education, government, and healthcare institutions and building service contractors alike.

The Game Plan™/MC Program is a simple, powerful tool for custodial workforce optimization. The cornerstones of this feature-rich management tool are workloading/work allocation, cost & labor estimation, inspection and reporting for continual optimization of processes and resources. The Game Plan Program™/MC was developed to help custodial departments optimize labor in the face of budget constraints, headcount reductions, and an increasing understanding of the benefits of clean environments on student health and performance.

Some highlights of the program similar to CCAP:

- Extensive work loading capabilities
- Ability to generate printed work orders for routine and project tasks
- Calculates employee and budget needs
- Ability to track personnel records and management
- Chemical usage prediction and analysis
- Asset / equipment management
- Please see enclosed literature

Highlights of Game Plan™/MC Program believed to exceed CCAP:

- Contains full inspection capacity integrated with work loading application
- Gives the ability to run “what if” scenarios instantly onsite without the need for third-party participation
- Embedded APPA and ISSA industry standard cleaning frequency data to expedite input and analysis of cleaning activities
  - APPA standardized five levels of clean integrated into the program so user can immediately see impact of higher/lower cleaning frequency on staffing levels.
  - All reports are exportable to Word, Excel or PDF
  - Inspection reports- detailed information that can be analyzed by zone, supervisor, employee and inspection criteria to make real time operational decisions.
  - Multi-level, password protected user access ensures employees see only what they need to see, which eliminates potential tampering.
  - Photo’s container: can house photos of buildings, floor plans, rooms, employees in application if needed.

WAXIE Sanitary Supply does have a Cleaning Cost Analysis Program and can be shared with NCPA to determine if it fits the needs of NCPA.
The program is a comprehensive workloading package licensed to use independent area type and task standards developed by APPA (www.appa.org) as well as tasks developed by ISSA (www.issa.com) and leading consultants. In the market for over 15 years, the software is used internationally in more than 400 education, government, and healthcare institutions and building service contractors alike.

**SIMPLE DASHBOARD REPORTING**

*WAXIE* can provide detailed monthly sales data by state and customer including all data collected in the order to fulfillment process. *WAXIE* can create a customized program for NCPA with an online metrics dashboard that summarizes data and provides an easily downloadable excel file with all contract sales data on a line item basis. A sample metrics dashboard is attached *WAXIE*’s overall performance in the following categories is as follows:

1. Order fill rate - 98.2%
2. Line fill rate - 91.7%
3. On-time delivery - *WAXIE* prides itself on providing next-day delivery for orders received by 4:00 PM.
4. Back Orders - *WAXIE* has many Regional Inventory Centers in the service area. We pride ourselves in keeping adequate stock on hand to fill our customer’s needs. If there is a back order it is easily filled by one of our other Regional Inventory Centers. A transfer truck travels between the various Regional Inventory Centers weekly to fill any back orders in a timely manner.

Spend Management:
There are a number of areas where customers and NCPA can work together to reduce costs, prices and the impact of the contracts fulfillment on the environment.

a. A minimum order dollar amount could be implemented that would reduce the number of transits dramatically. The largest contribution to environmental impact fulfillment of the contract has is the amount of fuel used to get product from our warehouses to our customers. WAXIE can provide detail regarding these impacts and would look to negotiate a pricing reduction if a minimum order is incorporated into the contract.

b. Another effective way to impact costs is to work with customers to schedule delivery. For customers with large capacity warehouses this enables both WAXIE and the customer to best utilize their labor and capital resources. For instance our overall business sees 65-70% of product moved the first and last week of the month. We routinely work with large clients to schedule delivery during the slower periods of the week and month to optimize our labor and capital resources. WAXIE is interested in negotiating a price concession if NCPA is willing to allow a scheduled delivery program to be part of this contract.

c. Automated Clearing House/Electronic Funds Transfer payment can substantially reduce the time between invoice and payment. Many public sector customers are able to work with these electronic invoice and payment systems and WAXIE is willing to negotiate an incentive for customers to use ACH/EFT payment.

d. WAXIE is willing to provide an incentive for customers to “Go GREEN”. WAXIE promotes environmental stewardship within our own company and to our customers in all markets. WAXIE is willing to negotiate a price rebate or concessions to customers that meet GREEN spend goals agreed to with NCPA.

Leasing Options:

• It is also possible to lease a machine, just talk to a customer service representative or your WAXIE Sales Consultant

• Healthy High Performance Customer Communication Program Manual – Comprehensive communication program that supports your organization’s commitment to HHPC program with your internal customer, external customers and the public. Includes Press release, poster, newsletter, table tents and other templates designed to communicate your facilities commitment to sustainable cleaning.

• CampusCare is a comprehensive yet customizable set of programs designed to address the cleaning and labor management needs of K-12 and Higher Education institutions. It's a flexible program in that individual end-users can select any or all program elements and tailor them to fit their individual needs.

• The program is based four value pillars or customer hot buttons that speak marketplace trends: Sustainability, Cost Control, Safety, and Building Longevity. NCPA Support Team – Between WAXIE and JohnsonDiversey, a team of professionals will be available to support the NCPA, including Ed Williams, Greg Eldart, Tyler Gaerin, along with additional staff from both companies as needed.

Complete analysis and consulting on all items used in the NCPA to streamline, economize and suggest alternatives based on the emerging needs of the campus. This includes, but is not limited to addressing all sustainability aspects, purchases from manufacturers from the minority business community, and mutually devising programs with NCPA, addressing most effective cleaning processes available from the industry.
THE CUSTOMER IS THE FOCUS OF EVERYTHING WE DO

To:               All Employees
From: Sandy Nourian
Date: May 6th, 2011
Subject: Return Policy

The following guidelines are for returns and / or product exchanges. Determine product was purchased from WAXIE and the method of payment using the APLUS system. When product is eligible for return apply the credit to:

· Account if purchased on WAXIE open account
· Credit Card using the original credit card information if a credit card was used on the original order number
· Refund Cash for all original cash transactions

Cash may be given when the original method of payment is cash or check and does not deplete your start-up cash drawer balance. A 2 week clearance for checks is needed prior to giving cash. When a return will significantly lower the balance in the drawer a check request is required. The check request which includes the customer’s full name, address and invoice number shall be scanned and emailed to Doris Filio at Corporate.

Returns should only be given for products that meet the definition of “New”:
· Is in unopened packaging
· Packages are not damaged and can be sold as new merchandise
· Product is active and has not been deleted or phased out
   o If active, product has not undergone significant label changes
· Custom (special size or logo) or special order (not carried in catalog) items cannot be returned for credit unless vendor agrees to take the product back.
   o If there is a restocking fee and freight charge, it will be deducted from the credit.

Chemicals Return Policy:
· Determine the expiration date of the product.
   o If the product is expired or about to expire, the product is not eligible for return.
   o If the product is in sellable condition and has not expired, follow the guidelines listed below:

<table>
<thead>
<tr>
<th>From Date of Sale</th>
<th>Chemicals</th>
</tr>
</thead>
<tbody>
<tr>
<td>1-90 Days</td>
<td>Bleach – Full credit if “New”</td>
</tr>
<tr>
<td>1 – 180 Days</td>
<td>Full credit if “New” (except Bleach products)</td>
</tr>
<tr>
<td>181 Days or Older</td>
<td>No Credit</td>
</tr>
</tbody>
</table>

Parts Return Policy:
Parts no older than 30 days from the date of purchase are subject to a minimum of 25% restocking fee based upon the value of the product. (Restock fees may be higher if the vendor charges WAXIE a different amount). Use item 638380 to apply the restock. Customer is required to pay freight on all returns unless otherwise noted – please adhere to the freight policy dated February 2011 to determine how to apply freight on the order.

Parts older than 31 days from the date of purchase are not eligible for a return.

Contractor Requirements

Contractor Certification

Contractor’s Employment Eligibility

By entering the contract, Contractor warrants compliance with the Federal Immigration and Nationality Act (FINA), and all other federal and state immigration laws and regulations. The Contractor further warrants that it is in compliance with the various state statues of the states it is will operate this contract in.

Participating Government Entities including School Districts may request verification of compliance from any Contractor or subcontractor performing work under this Contract. These Entities reserve the right to confirm compliance in accordance with applicable laws.

Should the Participating Entities suspect or find that the Contractor or any of its subcontractors are not in compliance, they may pursue any and all remedies allowed by law, including, but not limited to: suspension of work, termination of the Contract for default, and suspension and/or debarment of the Contractor. All costs necessary to verify compliance are the responsibility of the Contractor.

The offeror complies and maintains compliance with the appropriate statutes which requires compliance with federal immigration laws by State employers, State Contractors and State subcontractors in accordance with the E-Verify Employee Eligibility Verification Program.
Fingerprint & Background Checks

If required to provide services on school district property at least five (5) times during a month, contractor shall submit a full set of fingerprints to the school district if requested of each person or employee who may provide such service. Alternately, the school district may fingerprint those persons or employees. An exception to this requirement may be made as authorized in Governing Board policy. The district shall conduct a fingerprint check in accordance with the appropriate state and federal laws of all contractors, subcontractors or vendors and their employees for which fingerprints are submitted to the district. Contractor, subcontractors, vendors and their employees shall not provide services on school district properties until authorized by the District.

The offeror shall comply with fingerprinting requirements in accordance with appropriate statutes in the state in which the work is being performed unless otherwise exempted.

Contractor shall comply with governing board policy in the school district or Participating Entity in which work is being performed.

Business Operations in Sudan, Iran

In accordance with A.R.S. 35-391 and A.R.S. 35-393, the Contractor hereby certifies that the contractor does not have scrutinized business operations in Sudan and/or Iran.

ARRA Standard Terms and Conditions Addendum for Contracts and Grants

If a contract or grant involves the use of funds from the federal American Recovery and Reinvestment Act of 2009, Pub. L. 111-5 ("Recovery Act"), the following terms and conditions apply. As used in this Section, "Contractor/Grantee" means the contractor or grantee receiving Recovery Act funds under this agreement.

1. The Contractor/Grantee specifically agrees to comply with each of the terms and conditions contained herein.
2. Contractor/Grantee understands and acknowledges that the federal stimulus funding process is still evolving and that new requirements for Recovery Act compliance may still be forthcoming from federal government. Accordingly, Contractor/Grantee specifically agrees that both it and subcontractors/subgrantees will comply with all such requirements during the contract period.

AVAILABILITY OF FUNDING

Contractor/Grantee agrees that programs supported with temporary federal funds made available from the Recovery Act may not be continued once the temporary federal funds are expended.

BUY AMERICA REQUIREMENT

Contractor/Grantee agrees that pursuant to Section 1605 of Title XV of the Recovery Act, neither Contractor/Grantee or its subcontractors/subgrantees will use Recovery Act funds for a project for the construction, alternation, maintenance, or repair of a public building or public work unless all of the iron, steel and manufactured goods used in the project are produced in the United States in a manner consistent with United States obligations under international agreements. This requirement shall be applied unless the use of alternative materials has been approved by a federal agency pursuant to Section 1605.

CONFLICTING REQUIREMENTS

Contractor/Grantee agrees that, to the extent Recovery Act requirements conflict with the participating agencies requirements, the Recovery Act requirements shall control.

FALSE CLAIMS ACT

Contractor/Grantee agrees that it shall promptly refer to an appropriate federal inspector general any credible evidence that a principal, employee, agent, subgrantee, subcontractor or other person has submitted a claim under the federal False Claims Act, as amended, 31 U.S.C. §§3729-3733, or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds.

Contractor/Grantee agrees that if Contractor/Grantee or one of its subcontractors/subgrantees fails to comply with all applicable federal and state requirements governing the use of Recovery Act funds, the participating agency may withhold or suspend, in whole or in part, funds awarded under the program, or recover misspent funds following an audit. This provision is in addition to all other remedies available to participating agency under all applicable state and federal laws.

INSPECTION OF RECORDS

Contractor/Grantee agrees that it shall permit the United States Comptroller General or his representative or the appropriate inspector general appointed under section 3 or 8G of the federal Inspector General Act of 1978, as amended, 5 U.S. App. §§3 and 8(g), or his representative to: (1) examine any records that directly pertain to, and involve transactions relating to, this contract; and (2) interview any officer or employee of Contractor/Grantee or any of its subcontractors/subgrantees regarding the activities funded with funds appropriated or otherwise made available by the Recovery Act.
JOB POSTING REQUIREMENTS

Section 1512 of the Recovery Act requires states receiving stimulus funds to report on jobs created and retained as a result of the stimulus funds. Contractors/Grantees who receive Recovery Act funded contracts are required to post jobs created and retained as a result of stimulus funds.

PROHIBITION ON USE OF RECOVERY ACT FUNDS

Contractor/Grantee agrees that none of the funds made available under this contract may be used for any casino or other gambling establishment, aquarium, zoo, golf course, swimming pools, or similar projects.

REPORTING REQUIREMENTS

Pursuant to Section 1512 of Title XV of the Recovery Act, entities receiving Recovery Act funds must submit a report to the federal government no later than ten (10) calendar days after the end of each calendar quarter. This report must contain the information outlined below. Accordingly, Contractor/Grantee agrees to provide the County with the following information in a timely manner:

a. The total amount of Recovery Act funds received by Contractor/Grantee during the Reporting Period;
b. The amount of Recovery Act funds that were expended or obligated during the Reporting Period;
c. A detailed list of all projects or activities for which Recovery Act funds were expended or obligated, including:
   i. the name of the project or activity;
   ii. a description of the project or activity;
   iii. an evaluation of the completion status of the project or activity; and
   iv. an estimate of the number of jobs created and the number of jobs retained by the project or activity;
d. For any subcontracts or subgrants equal to or greater than $25,000:
   i. The name of the entity receiving the subaward;
   ii. The amount of the subaward;
   iii. The transaction type;
   iv. The North American Industry Classification System (NAICS) code or Catalog of Federal Domestic Assistance (CFDA) number;
   v. Program source;
   vi. An award title descriptive of the purpose of each funding action;
   vii. The location of the entity receiving the subaward;
   viii. The primary location of the subaward, including the city, state, congressional district and country; and
   ix. A unique identifier of the entity receiving the sub-award and the parent entity of Contractor/Grantee, should the entity be owned by another.
   x. The names and total compensation of the five most highly compensated officers of the company if it received: 1) 80% or more of its annual gross revenues in Federal awards; and 2) $25M or more in annual gross revenue from Federal awards.

e. For any subcontracts or subgrants of less than $25,000 or to individuals, the information required in d may be reported in the aggregate and requires the certification of an authorized officer of Contractor/Grantee that the information contained in the report is accurate.

f. Any other information reasonably requested by the County or required by state or federal law or regulation. Standard data elements and federal instructions for use in complying with reporting requirements under Section 1512 of the Recovery Act, are pending review by the federal government, and were published in the Federal Register, 74 Federal Register, 14824 (April 1, 2009), and are to be provided online at www.FederalReporting.gov.
SEGREGATION OF FUNDS

Contractor/Grantee agrees that it shall segregate obligations and expenditures of Recovery Act funds from other funding. No part of funds made available under the Recovery Act may be commingled with any other funds or used for a purpose other than that of making payments for costs specifically allowable under the Recovery Act.

Contractor/Grantee agrees that it shall include these standard terms and conditions, including this requirement, in any of its subcontracts or subgrants in connection with projects funded in whole or in part with funds available under the Recovery Act.

WAGE REQUIREMENTS

Contractor/Grantee agrees that, in accordance with Section 1606 of Title XVI of the Recovery Act, both it and its subcontractors shall fully comply with this section in that, notwithstanding any other provision of law, and in a manner consistent with the other provisions of the Recovery Act, all laborers and mechanics employed by contractors and subcontractors on projects funded in whole or in part with funds available under the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality, as determined by the United States Secretary of Labor in accordance with Subchapter IV of Chapter 31 of Title 40 of the United States Code.

WHISTLEBLOWER PROTECTION

Contractor/Grantee agrees that both it and its subcontractors/subgrantees shall comply with Section 1553 of the Recovery Act, which prohibits all non-federal Contractor/Grantees of Recovery Act funds from discharging, demoting or otherwise discriminating against an employee for disclosures by the employee that the employee reasonably believes are evidence of (1) gross mismanagement of a contract or grant relating to Recovery Act funds; (2) a gross waste of Recovery Act funds; (3) a substantial and specific danger to public health or safety related to the implementation or use of Recovery Act funds; (4) an abuse of authority related to implementation or use of Recovery Act funds; or (5) a violation of law, rule, or regulation related to an agency contract (including the competition for or negotiation of a contract) or grant, awarded or issued relating to Recovery Act funds. In addition, Contractor/Grantee agrees that it and its subcontractors/subgrantees shall post notice of the rights and remedies available to employees under Section 1553 of Title XV of the Recovery Act.

FEMA Standard Terms and Conditions Addendum for Contracts and Grants

If any purchase made under the Master Agreement is funded in whole or in part by Federal Emergency Management Agency (“FEMA”) grants, Contractor shall comply with all federal laws and regulations applicable to the receipt of FEMA grants, including, but not limited to the contractual procedures set forth in Title 44 of the Code of Federal Regulations, Part 13 (“44 CFR 13”).

In addition, Contractor agrees to the following specific provisions:

1) Pursuant to 44 CFR 13.36(i)(1), University is entitled to exercise all administrative, contractual, or other remedies permitted by law to enforce Contractor’s compliance with the terms of this Master Agreement, including but not limited to those remedies set forth at 44 CFR 13.43.

2) Pursuant to 44 CFR 13.36(i)(2), University may terminate the Master Agreement for cause or convenience in accordance with the procedures set forth in the Master Agreement and those provided by 44 CFR 13.44.

3) Pursuant to 44 CFR 13.36(i)(3)-(6)(12), and (13), Contractor shall comply with the following federal laws:
   a. Executive Order 11246 of September 24, 1965, entitled “Equal Employment Opportunity,” as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor (“DOL”) regulations (41 CFR Ch. 60);
   b. Copeland “Anti-Kickback” Act (18 U.S.C. 874), as supplemented in DOL regulations (29 CFR Part 3);
   c. Davis-Bacon Act (40 U.S.C. 276a-276a-7) as supplemented by DOL regulations (29 CFR Part 5);
supplemented by DOL regulations (29 CFR Part 5);
e. Section 306 of the Clean Air Act (42 U.S.C. 1857(h), section 508 of the Clean Water Act (33 U.S.C. 1368),
Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15); and
f. Mandatory standards and policies relating to energy efficiency which are contained in the state energy
conservation play issued in compliance with the Energy Policy and Conservation Act (Pub. L.94-163, 89
Stat. 871).
4) Pursuant to 44 CFR 13.36(i)(7), Contractor shall comply with FEMA requirements and regulations pertaining to
reporting, including but not limited to those set forth at 44 CFR 40 and 41.
5) Pursuant to 44 CFR 13.36(i)(8), Contractor agrees to the following provisions 72 regarding patents:
a. All rights to inventions and/or discoveries that arise or are developed, in the course of or under this
Agreement, shall belong to the participating agency and be disposed of in accordance with the
participating agencies policy. The participating agency, at its own discretion, may file for patents in
connection with all rights to any such inventions and/or discoveries.
6) Pursuant to 44 CFR 13.36(i)(9), Contractor agrees to the following provisions, regarding copyrights:
a. If this Agreement results in any copyrightable material or inventions, in accordance with 44 CFR 13.34, FEMA
reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, for
Federal Government purposes:
1) The copyright in any work developed under a grant or contract; and
2) Any rights of copyright to which a grantee or a contractor purchases ownership with grant support.
7) Pursuant to 44 CFR 13.36(i)(10), Contractor shall maintain any books, documents, papers, and records of the
Contractor which are directly pertinent to this Master Agreement. At any time during normal business hours and as
often as the participating agency deems necessary, Contractor shall permit participating agency, FEMA, the
Comptroller General of United States, or any of their duly authorized representatives to inspect and photocopy such
records for the purpose of making audit, examination, excerpts, and transcriptions.
8) Pursuant to 44 CFR 13.36(i)(11), Contractor shall retain all required records for three years after FEMA or
participating agency makes final payments and all other pending matters are closed. In addition, Contractor shall
comply with record retention requirements set forth in 44 CFR 13.42.

**Required Clauses for Federal Assistance provided by FTA**

**ACCESS TO RECORDS AND REPORTS**

Contractor agrees to:

a) **Maintain** all books, records, accounts and reports required under this Contract for a period of not less
than three (3) years after the date of termination or expiration of this Contract or any extensions thereof
except in the event of litigation or settlement of claims arising from the performance of this Contract, in
which case Contractor agrees to maintain same until Public Agency, the FTA Administrator, the
Comptroller General, or any of their duly authorized representatives, have disposed of all such litigation,
appeals, claims or exceptions related thereto.

b) **Permit** any of the foregoing parties to inspect all work, materials, payrolls, and other data and records
with regard to the Project, and to audit the books, records, and accounts with regard to the Project and to
reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed for the
purpose of audit and examination.

_FTA does not require the inclusion of these requirements of Article 1.01 in subcontracts. Reference 49 CFR 18.39 (i)(11)._

**CIVIL RIGHTS / TITLE VI REQUIREMENTS**

1) **Non-discrimination.** In accordance with Title VI of the Civil Rights Act of 1964, as amended, 42 U.S.C. §
2000d, Section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, Section 202 of the
§ 5332, Contractor or subcontractor agrees that it will not discriminate against any employee or applicant for
Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

2) **Equal Employment Opportunity.** The following Equal Employment Opportunity requirements apply to this Contract:

   a. **Race, Color, Creed, National Origin, Sex.** In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal Transit Law at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable Equal Employment Opportunity requirements of U.S. Dept. of Labor regulations, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor, 41 CFR, Parts 60 et seq., and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of this Project. Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, marital status, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, Contractor agrees to comply with any implementing requirements FTA may issue.

   b. **Age.** In accordance with the Age Discrimination in Employment Act (ADEA) of 1967, as amended, 29 U.S.C. Sections 621 through 634, and Equal Employment Opportunity Commission (EEOC) implementing regulations, “Age Discrimination in Employment Act”, 29 CFR Part 1625, prohibit employment discrimination by Contractor against individuals on the basis of age, including present and prospective employees. In addition, Contractor agrees to comply with any implementing requirements FTA may issue.

   c. **Disabilities.** In accordance with Section 102 of the Americans with Disabilities Act of 1990, as amended (ADA), 42 U.S.C. Sections 12101 et seq., prohibits discrimination against qualified individuals with disabilities in programs, activities, and services, and imposes specific requirements on public and private entities. Contractor agrees that it will comply with the requirements of the Equal Employment Opportunity Commission (EEOC), “Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act,” 29 CFR, Part 1630, pertaining to employment of persons with disabilities and with their responsibilities under Titles I through V of the ADA in employment, public services, public accommodations, telecommunications, and other provisions.

   d. **Segregated Facilities.** Contractor certifies that their company does not and will not maintain or provide for their employees any segregated facilities at any of their establishments, and that they do not and will not permit their employees to perform their services at any location under the Contractor’s control where segregated facilities are maintained. As used in this certification the term “segregated facilities” means any waiting rooms, work areas, restrooms and washrooms, restaurants and other eating areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion or national origin because of habit, local custom, or otherwise. Contractor agrees that a breach of this certification will be a violation of this Civil Rights clause.

3) **Solicitations for Subcontracts, Including Procurements of Materials and Equipment.** In all solicitations, either by competitive bidding or negotiation, made by Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by Contractor of Contractor’s obligations under this Contract and the regulations relative to non-discrimination on the grounds of race, color, creed, sex, disability, age or national origin.

4) **Sanctions of Non-Compliance.** In the event of Contractor’s non-compliance with the non-discrimination provisions of this Contract, Public Agency shall impose such Contract sanctions as it or the FTA may determine to be appropriate, including, but not limited to: 1) Withholding of payments to Contractor under the Contract until Contractor complies, and/or; 2) Cancellation, termination or suspension of the Contract, in whole or in part.
Contractor agrees to include the requirements of this clause in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

DISADVANTAGED BUSINESS PARTICIPATION
This Contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, “Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs”, therefore, it is the policy of the Department of Transportation (DOT) to ensure that Disadvantaged Business Enterprises (DBEs), as defined in 49 CFR Part 26, have an equal opportunity to receive and participate in the performance of DOT-assisted contracts.

1) Non-Discrimination Assurances. Contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. Contractor shall carry out all applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or other such remedy as public agency deems appropriate. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).

2) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor’s receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor’s work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Contractor must promptly notify public agency whenever a DBE subcontractor performing Work related to this Contract is terminated or fails to complete its Work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. Contractor may not terminate any DBE subcontractor and perform that Work through its own forces, or those of an affiliate, without prior written consent of public agency.

3) DBE Program. In connection with the performance of this Contract, Contractor will cooperate with public agency in meeting its commitments and goals to ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work, regardless of whether a contract goal is set for this Contract. Contractor agrees to use good faith efforts to carry out a policy in the award of its subcontracts, agent agreements, and procurement contracts which will, to the fullest extent, utilize DBEs consistent with the efficient performance of the Contract.

ENERGY CONSERVATION REQUIREMENTS
Contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plans issued under the Energy Policy and Conservation Act, as amended, 42 U.S.C. Sections 6321 et seq. and 41 CFR Part 301-10.

FEDERAL CHANGES
Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Contract between public agency and the FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor’s failure to so comply shall constitute a material breach of this Contract.
INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS
The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT, as set forth in the most current FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to perform any act, fail to perform any act, or refuse to comply with any public agency requests that would cause public agency to be in violation of the FTA terms and conditions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES
Agency and Contractor acknowledge and agree that, absent the Federal Government’s express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS
Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, “Program Fraud Civil Remedies,” 49 CFR Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to me made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to me made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.
# State Notice Addendum

Pursuant to certain state notice provisions the following public agencies and political subdivisions of the referenced public agencies are eligible to access the contract award made pursuant to this solicitation. Public agencies and political subdivisions are hereby given notice of the foregoing request for proposal for purposes of complying with the procedural requirement of said statutes:
